

GENERAL FUNSTON DIES SUDDENLY

Department Leader's Funeral
to Be Held in S. F. With
All Due Honors.

(Continued From Page 1)

chief, was the achievement which brought Funston prominently to the attention of the American people, but he performed many services for his country besides that which were probably more difficult. His administration of affairs in Vera Cruz, where he carried out the President's orders with a firm hand, simply holding the city when every influence about him was centered upon forcing the American army into actual fighting with the Mexicans, probably was the most notable service of his career.

The American troops had been in possession of Vera Cruz only a few days when one of the Mexican generals sent in a message saying in most polite terms that he was unable to longer restrain his troops, and that they were about to advance and drive the Americans into the sea.

"If you can't hold your troops back I can," was the laconic message Funston sent back. Because of the amount of work which has fallen to him, General Funston's only recreation or relaxation for nearly a year has been an occasional dinner party with a few friends.

FIGHTS IT ALONE.
Only recently General Funston returned from an inspection trip which took him as far as Nogales, Ariz. That, with one trip to Brownsville, Tex., and a brief visit to Austin, Tex., last year, was the only occasion when he has been absent from his desk since the border trouble developed.

Two weeks ago General Funston suffered an attack of indigestion. To use his own expression, "I fought it out alone." Later he placed himself under the care of Lieutenant-Colonel M. W. Ireland of the medical corps, Department, and regained normal health and spirits. "For three days," Colonel Ireland says, "General Funston had been entirely well."

Nevertheless at dinner last night General Funston was particularly abstemious, and ate only sparingly of the simplest dishes.
Colonel Malvern-Hill Barnum, General Funston's chief of staff, immediately notified the War Department of General Funston's death. Plans also were despatched to Mrs. Funston, who is visiting her father in California.

Pershing Likely to Be Assigned to Southern Command

WASHINGTON, Feb. 20.—Major-General John J. Pershing probably will be designated to command the Southern Department, whose sudden death last night has shocked officialdom here. General Funston's successor in the rank of major-general will be filled through the promotion of Brigadier-General Clarence R. Edwards, now commanding the regular army forces on the Panama Canal zone.

VETERANS TO PAY TRIBUTE.
LOS ANGELES, Feb. 20.—Spanish War Veterans will hold services at the Southern Pacific station Thursday evening when the train bearing Major-General Funston's body passes through.

WOOD PAYS TRIBUTE.
NEW YORK, Feb. 20.—"The country has lost one of its most efficient and valuable officers at a time when he can ill be spared," said Major-General Leonard Wood today, in commenting on the death of Frederick Funston.

Mother of Funston Confined to Home

EMPORIA, Kan., Feb. 20.—The mother of the late Major-General Frederick Funston may be unable to attend the funeral of her son. She is ill and confined to a bed at the home of her daughter, Mrs. F. A. Eckdale here today. The news of his death added gravity to her condition.

Fighting "Fred's" Death Is Severe Loss to U. S. Army

Major-General Frederick Funston, commander of southern department, who died at San Antonio last night, and Mrs. Funston, who was an Oakland girl.

Mrs. Funston An Oakland Girl, Whose Marriage Was War Romance.

The romance of General Funston and Miss Eda Blankart of Oakland was one of those intensely thrilling romances of the stirring days of the Spanish-American war. Funston, with the rank of colonel, was ordered to San Francisco en route to the Philippines, coming from Kansas, his home State, heart-whole and fancy free. And much mention was made of him as being the youngest man in the service holding the rank of colonel. The day following his arrival in California he was a guest at dinner where Miss Blankart was numbered with the company. It was a mutual case of love at first sight. The tall, slender girl with her charming personality, and the short, decisive man with his note of authority decided that he would not leave San Francisco until she had become his wife. Less than a week after their meeting the brief courtship culminated in their marriage. And then came the parting, with Funston obeying his government's commands while the young bride remained with her home folk for a time.

IS MUSICIAN.
Mrs. Funston is the second daughter of Mr. Blankart and the late Mrs. Blankart. Her people are of German descent and had all the devotion of that country to music. The mother was a pianist of unusual ability and the father gave his hours to the violin. From a little child Mrs. Funston had herself been a student of the violin and a notable future was promised her when her marriage interrupted her studies. The family home in Tenth avenue was a place of music. At the time when she met General Funston, Miss Blankart was in charge of the musical department of the Baptist College, in East Oakland, an institution widely known through the State. The affection for California never wavered on the part of either General Funston nor his wife, and a few years ago they bought a country place of several acres near San Leandro for a summer home. It is here Mrs. Funston's father, Otto Blankart, resides, and where during General Funston's enforced absences on duty, when Mrs. Funston could not accompany him, that she and the little family of children have remained.

PROSTRATED BY NEWS.
Mrs. Funston was prostrated today at her home at the Presidio San Francisco. She came to San Francisco a month ago in order that her children might attend school. Her daughter is sick in the Lettermann General Hospital.

Mrs. Funston was giving a dinner at her home last night in honor of her sister, Mrs. William Cullen, when the news of the general's death came.

Last Official Act Is Signing Military Order

SAN ANTONIO, Tex., Feb. 20.—Practically the last official act of General Funston was the designation of dates for departure of militia contingents under the recent order of the War Department, which will send home the 50,000 National Guardsmen remaining on the border. The guardsmen, in two groups of 25,000 each, will leave the border at the rate of about 6,000 a week. It is estimated that about 150 trains will be required to move these troops and that two months will be consumed in the movement.

Kansas Would Pay Tribute to Funston

TOPEKA, Kan., Feb. 20.—A resolution introduced in the State Senate today by Colonel Wilder S. Metcalf of the National Guard and a state senator, asked that Major General Funston's body be sent to Kansas to lie in state in the capitol building for one day. Copies of the resolution were sent to Mrs. Funston at San Francisco. The resolution expresses the sympathy of the Kansas legislature at his death.

Funston Famed as Fighter Made Record in Islands

Major-General Frederick Funston was born in New Carlisle, O., November 9, 1865. When he was 2 years old his parents moved to Kansas, in which State Funston was reared and educated. The short, slender young Funston of the University of Kansas early acquired a reputation as a fearless fighter. His first record fight was with a 200-pound bad man who attacked the student with a razor and threatened to cut him up. Funston disarmed the ruffian and, to do things right, marched him through the streets of Lawrence to the police station.

Funston gained considerable local fame a few years later, when, as city editor of a newspaper in Fort Smith, Ark., he took advantage of the absence of the publisher to attack a few of his own paper's pet political leaders. The politicians made dire promises to wreck Funston and the newspaper plant, but he stayed until his superior returned. Then he resigned, after turning over the plant, intact.

Later he worked as a reporter in Kansas City, Mo. He was a passenger train conductor on the Santa Fe for a time, and a story is told of how he threw a drunken cowboy from a train and then chased the offender several miles on foot because he threw a stone through one of the windows. Meantime the train waited.

WAS BOTANIST.
Funston was a botanist with the United States Death Valley expedition in 1891, and after that he went to Alaska.

Returning to the States, Funston settled down for a short time and then went to Cuba, where he got his first military experience as an officer under General Gomez in the insurrection against Spain.

Funston commanded sections of Gomez' artillery, first as a captain and later as a major and lieutenant-colonel. He served with the Cubans for eighteen months, taking part in twenty-two engagements and receiving three wounds. He resigned his command after the execution, against his wishes, of fifty guerrillas, who had sided with the Spaniards.

On his way to Havana to return to the United States, Funston was captured by Spaniards and threatened with execution. He swallowed a letter to the President of Cuba, which would have established his identity, and escaped death.

Then came the sinking of the Maine. Funston was made colonel of the famous Twentieth Kansas volunteer infantry.

He commanded his regiment in the Philippines. With the enemy on the opposite bank of the Rio Grande river at Calumpit, Funston got his troops across in the face of heavy fire. For that he was made a brigadier-general.

and was given the medal of honor, the highest military award in the power of the United States.

TAKES AGUINALDO.

Then Funston set out to end the Philippine insurrection, which followed the Spanish-American war. He captured Aguinaldo, the leader of the insurrection. That ended it.

They tell a story of Funston under fire in the Philippines. It seemed certain the enemy would wipe out three of his companies, and General Harrison Gray Otis asked the commander

how long he could hold his position. "Until I am mustered out," Funston shouted. He won the battle.

On arrival of the Kansas troops from the Philippines, Funston was presented with a sword, the gift of 3000 Kansans. The sword was said at the time to have been the handsomest gift of its kind ever given an American war hero. General Funston never forgot Kansas, and had planned to spend his last days in the Sunflower State.

After the war and the Philippine insurrection, when the volunteers were mustered out, Funston was re-

tained as a brigadier-general in the regular army. He commanded American troops at Vera Cruz in 1914, and while he was there he was made a major-general.

When President Wilson decided "to get Villa" Funston, department commander at Fort Sam Houston, Texas, was chosen for the job.

The Quinine That Does Not Affect Head
Because of its tonic and laxative effect, last-acting Bromo Quinine can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box. 25c.—Advertisement.

Slipover styles, some with V-neck with edges scalloped. To be had in white, plain colors and stripes. Wonderful values at \$1.—4th Floor

SPY CHASE CENTERS IN NEW YORK

Two Alleged "Newspapermen"
Claiming American Citizen-
ship; Arrested Upon Tip by
British Officials; Espionage

Thrills of Secret Activities of
"German Agents" Revealed
in Tangle of International
Affairs Resulting in Arrests

BY UNITED PRESS.
LEASD WIRE TO TRIBUNE.

NEW YORK, Feb. 20.—Some of the thrills of Europe's spy chasing were brought home to New York today in the tangle of wiles and synthetic ink of strong arm intimidation of enemies, and of secret emissaries, revealed in the arrests on federal warrants for A. A. Sander and Charles W. Wunneberg. The two spent a night in jail, but were scheduled for appearance in court today, when they hoped to give bond.

The prisoners, both of whom claim to be naturalized Americans, although of German birth, are charged with gathering and disposing of British military information, mostly to Germany. Department of justice agents gathered evidence against them. They are charged with sending pseudo "newspaper" men into England, who gathered information of great value and brought it back or sent it back to America. To slip some of this information through the British guards synthetic ink and all the subterfuges known to spies were employed.

UNDER SUSPICION BEFORE.
This is not the first time that Sander has been under police suspicion for certain near-spy activities. He was one of two Teutonic sympathizers of Captain Boy-Ed, who tried force and duress to get Mrs. Richard P. Stegler, wife of a German reservist and a prime witness against Boy-Ed's propagandist activities, to recant.

Wunneberg is also well known in German circles.

The two men were captured after a long secret service operatives had investigated the case on a tip from the British authorities—for more than two months.

Since May, 1916, the government charges, the two sent at least sixteen "newspaper" men over to England.

TIP FROM BRITISH.

Attorney Overman, retained by Sander and Wunneberg, insists his clients were victims of false information which deceived the department of justice. He said they were engaged in distribution of war movie films of the German armies. Sander flatly denies all charges as ridiculous.

First evidence of the alleged activities of the two defendants came, it is claimed, from the British authorities' discovery of alleged activities in England of George Vaux Bacon, a former Cleveland newspaper man. His picture was brought back here and he was subsequently arrested in England.

Under investigation, information as to Bacon's whereabouts and on what charge he was held in England.

KAISER AT LIBERTY.
NOGALES, Ariz., Feb. 20.—Furnishing \$200,000 bonds, Frederick Kaiser is today at liberty following preliminary hearing on a charge of espionage, at which he was bound over to the federal grand jury.

Kaiser refused to offer testimony and the government produced only sufficient testimony to warrant further investigation of the charge that Kaiser, formerly a German consular officer in Mexico, was unusually concerned in questioning military officers and in visiting government warehouses.

Enrique Goldbaum, Carranzista officer, arrested on suspicion of being indicted under another name for neutrality violations, was released, after he paid a \$20 fine for carrying a concealed weapon.

Charles of Austria Takes Hand in War

ZURICH, Feb. 20.—Emperor Charles of Austria is giving his personal attention to the Austro-American situation, according to advices reaching here today from Vienna.

These stated that, following the recent conference between Count Zeppelin, the Austro-Hungarian foreign minister, and Ambassador Penfield, the former made a lengthy report to the emperor. The developments of the past few days are interpreted here as showing that Austria-Hungary is anxious to avoid a break with the United States over the submarine situation.

BERNSTORFF SHIP LIKELY TO FACE FEW DAYS DELAY

Steering List Examined
to Find Secret
Agents

BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.

NEW YORK, N. Y., Feb. 20.—The steamship Frederick VIII, carrying Count Johann von Bernstorff, former German ambassador to the United States, is not likely to resume her voyage to Europe for some days, it was here today. Canadian immigration officials this morning began examining the steering passengers, chiefly to discover whether there are secret agents of the German government among them.

It is indicated no irregularities have thus far been found. Snow fell heavily today and the Frederick VIII appeared a deserted ship of white, all the passengers remaining below decks.

WILSON AWAITS DIVER WAR OBJECT

Serious Doubt in President's
Mind Regarding Real In-
tentions of Germans.

WASHINGTON, Feb. 20.—Because there is serious doubt in the mind of President Wilson regarding the real intentions of the officials at the head of the German submarine activity, no action has been taken to relieve the ship blockade in American ports. The President, officials closest to him and the officials at the head of the line show just how far Germany intends to press her hostile measures against neutrals. That is the reason why he will take no action to have the American line resume its sailings.

The fact that the officials of the line continue to put "the question of sailings" up to the administration will not hurry action, officials say. President Franklin has been told how to resume sailings and has been told that this country will insist that the rights of his vessel be protected. He can arm them if he so desires, but under existing circumstances, the United States will not furnish either arms or gunners. But the present policy of the administration will not be changed unless Germany forces the issue.

HOPE STILL HELD OUT.
Simply because there has been no "overt act" by Germany the spirit of hopefulness that a "next step" can be avoided continues to grow in official circles. It is expected here that the breaking of diplomatic relations has had a salutary effect on the orders to submarine commanders. Of course, it is not known and probably cannot be learned whether direct instructions to avoid creating a new issue with the United States has gone to German submarine commanders. Naturally if such orders have been issued they would not be permitted to become known inasmuch as the United States is at war with Germany's enemies as an admission of weakness. But it easily would be possible, officials point out, for such orders to be taken. And the effect would be to confirm the break between Germany and the United States to a diplomatic one only.

NEW PEACE MOVIE EXPECTED.
In this connection there is a vague, undeveloped suggestion in the diplomatic atmosphere here that a new move in the direction of peace may shortly be looked for. It is suggested in confidential conversations in certain embassies and legations that it would be well to watch Sweden and Spain. Their diplomatic representatives here decline to discuss these suggestions. But one ambassador here in Washington pointed out that this would be the proper attitude if a new move was in progress. He called attention to the fact that public suggestions that the war be ended, first made by Spain and then later made by President Wilson, have utterly failed. Secret diplomacy might be more successful, he said.

Whether there is any knowledge of such a development at the White House and the state department is known only to President Wilson, Secretary Lansing and Counselor Polk. And for obvious reasons no one of this trio will discuss the situation in any way.

"Victory Loan" Total to Reach High Mark

LONDON, Feb. 20.—The grand total of subscriptions to the new "Victory Loan" may reach \$9,000,000, according to an estimate made today by the financial editor of the Daily News.

A. E. F. Law, chancellor of the exchequer, has already announced that the new money would aggregate at least \$3,500,000,000, but this did not include all the private subscriptions nor contributions from banks.

WOULD MOBILIZE YOUTH ON FARMS

Head of Housewives' League
Also Proposes Planting of
Truck in Central Park.

BY UNITED PRESS.
LEASD WIRE TO TRIBUNE.

NEW YORK, Feb. 20.—Mobilize the young men of America for work on the farms during the coming summer.

If necessary, to meet the needs of New York and combat the rapidly rising food prices, dig up Central Park and make it a huge truck garden.

These were the suggestions of Mrs. Julian Heath, head of the National Housewives' League, today. With the serious situation brought sharply to the fore by food riots in tenement districts here yesterday, Mrs. Heath declared every effort to meet the prevailing food conditions was now a patriotic duty.

"Every young man in America seeking summer employment should go to the farms, just as some are enlisting in the militia, as a matter of patriotism," said Mrs. Heath in an interview with the United Press today. "I am preparing an appeal to the colleges of the country, urging that college students, especially, volunteer for farm service."

"One of the causes of the food shortage and high prices is the lack of farm labor and consequent sub-normal production. If that is the case, we should see that the farmer is given assistance. When the entire country is in the grip of a food situation such as now prevails work on the farms would be patriotic service."

"If through a movement such as this adequate labor is furnished, then the government should see that transportation facilities are furnished and that the market for the products is made possible at reasonable prices."

"If there is no other relief from a situation which makes a dollar worth only about 25 cents when it comes to food, in New York you may not dig up Central Park and produce foodstuffs there for the city. If there is a corner, such competition would certainly bring prices down, and if the shortage is real the effort will be more than justified."

MACHINES OF U. S. REPLACE LABOR

England Will Face Grave Problem in Matter After the War.

LONDON, Feb. 20.—The use of machinery particularly American machinery in place of hand labor, is being widely discussed as one of the large problems to be met with after the war. The stress of war enormous quantities of American machinery have been brought into England, France and other countries at war, for manufacturing harness, shoes, guns, shells, and the whole range of war requirements.

At Havre the Belgian government factory, employing 12,500 workmen, has ninety per cent American machinery. Going through these works are produced Press representative noted at every hand the machinery bearing the marks of firms of Bridgeport, Providence, Boston, Philadelphia, Cincinnati and many other points. The harness factory, for turning out cavalry and artillery supplies, was entirely equipped with American machinery.

PONDEROUS MACHINES.
The manager of the works said English machinery was good only on the huge, ponderous machines but the American machinery was practically alone in the field on the fine automatic work replacing the dexterity of hand work. He estimated that the heavy English and French machines, chiefly in the foundries and machine shops were under ten per cent of the plant, all the rest being American. Some of the American machines were pointed out as having an ingenuity almost human.

One of them, used in polishing the discs of shells, employed a magnetic current to hold the discs firmly while the emery wheels did the polishing. To the Belgian worker this was little short of magic, as he had always held the discs in his hand, while now the touching of a button gripped the discs until the work was done. There is the same influx of these labor saving machines all over England, France and unoccupied Belgium, and in fact all over allied Europe.

Besides doing the work of all kinds, this new use of machinery has opened the eyes of producers as to what machinery could do for increasing production when normal conditions are restored. It has been argued as one of the reasons for the war, that the German manufacturers and another "Made in Germany" campaign. One expert has shown that the British factories in England, were equipped in the days of steam, and have taken no account of electricity as a new motive power. He figures out that this old time equipment cannot possibly compete with American and German production. This view is widely held, and besides the American machinery is already here furnishing its own argument in the war work.

AFTER-WAR PROBLEM.
At the recent Labor Congress at Manchester the delegates referred to this use of machinery as one of the chief after-the-war problems, as it would limit and compete with the hand labor of men returning from the army to civil occupations. But while recognizing it as a danger, they appeared to accept the increased use of machinery, particularly American machinery, as one of the assured facts brought out by the war. One of the resolutions passed called on the government to give special attention to the needs of workmen resulting from this new and enlarged competition from machinery.

Women to Take Place of Men in Armies

LONDON, Feb. 20.—According to the Express, the military authorities are developing a scheme under which women will be substituted for men in a number of non-combatant posts in the army, both in Great Britain and France, cooking, cleaning, laundry work, storekeeping and clerical work. The Express says that already 30,000 women are employed in army work as cooks, waitresses, motor drivers and similar occupations, but the scheme will open vacancies for many thousands.

Druid Grove Plans for Masquerade Ball

A masquerade ball will be given next Sunday night at Golden West Hall, Forty-sixth street and Telegraph avenue, by the Alden Grove, No. 216, U. A. O. D. At the same time will take place the celebration of the famous Peking opera in an Italian custom of ending the carnival season. These are the committees: Executive, Frank Orlando, M. Graziano, F. Pea, Moor, G. D. Casatiotti, Avelia, A. Squire, doc, Leonardini, D. Borsini, G. Salto, C. Ferrero, refreshments, D. Minnetto, J. Marchetti, A. Lissa, P. Monti.

FIRST AMERICAN SHIP TO BRAVE BLOCKADE DUE

Orlean, Which Entered
Zone, May Have Been
Sent to Bottom

NEW YORK, Feb. 20.—The steamer Orlean, the first American ship carrying contraband to brave the German blockade since the break in German-American relations, which sailed from this port February 19, is due in the submarine zone on her way to Bordeaux today.

The Orlean is a 5,000-ton freight steamer laden with contraband for the French government. Whether news will come today that she has been sunk without warning by the German remains to be seen. The Orlean sailed unarmed, unstripped, flying the American flag and owned, officered and most operated by Americans.

The Orlean is owned by the Oriental Navigation company of 17 Battery place, New York, and it is her first trip under American registry. Should this boat be sunk without warning by the Germans, it might bring to a sharp climax the strained situation between Germany and the United States.

War Veterans to Be Guests at Big Affair

Julia A. Martin Auxiliary No. 20, United Spanish War Veterans, will hold a service commemorating the birthdays of Washington, Lincoln and McKinley at the assembly hall in the Pythian Castle, Twelfth and Allee streets, Oakland, Cal., on Thursday evening, February 22, 1917.

A program of music, song, speeches and refreshments has been prepared by the ladies, and E. H. Liscum Camp, U. S. W. V., has been invited to attend. They have decided to contribute to the program patriotic speeches by Comrades Orwig, Huber and Mardall.

Sweden to Demand Pay for Torpedoed Ship

COPENHAGEN, Feb. 20.—The Swedish minister at Berlin has been instructed to make formal protest to Germany, with a demand for compensation, for the loss by torpedoing of the Swedish steamer Varing. Announcement to the effect was authorized today.

Steamer Is Tangled Into Submarine Net

NORFOLK, Va., Feb. 20.—The Old Dominion steamer Madison, bound from Norfolk to New York, last night became entangled with the anti-submarine net stretched across the entrance to Hampton Roads, according to reports received here. At midnight the Madison was still held by the net.

Warm entire house like one room

Instead of cramping your family into the use of a few rooms due to the shortcomings of old-fashioned heating, why not put in at once this ideal radiator-heating outfit which warms the whole house like one room? The attic and the glassed-in porch become not alone like extra home-space but make the cheeriest playgrounds for the little folks, through the radiant, cleanly, healthful warmth of

AMERICAN & IDEAL RADIATORS & BOILERS

Why not at once enjoy this ideal comfort and the fuel saving which soon repays installation cost?

With IDEAL Boiler and AMERICAN Radiators you can also have SYLPHON regulation, which automatically control the boiler check- and draft-dampers—saves hundreds of stair journeys each winter. Keeps the house steadily at 70 degrees—prevents underheating, or overheating and fuel waste.

IDEAL heating gives new life and value to old buildings

Every year we reheat thousands of old homes, stores, schools, churches, public buildings, etc. IDEAL Boilers and AMERICAN Radiators make any building far more rentable and salable—they bring full money back when you sell property thus heated. The price is closest possible between manufacturer and user. Our name i cast on each radiator and boiler—your guarantee. Accept no substitute.

Start today to get the full use and value out of your home space by sending at once for our (free) book "Ideal Heating," which gives most valuable information. Puts you under no obligation to buy.

ARCO WAND Stationary Vacuum Cleaner—Guaranteed!

Also ask us to send you our new complete catalog on ARCO WAND vacuum cleaning, the most successful way to stop drudgery and have a dustless home at a penny a day for current. Sold on Easy Payment Plan, in sizes at \$175 up.

ARTILLERY FIGHT RAGES ON AISNE

Surprise Attack Results in the
Capture of Prisoners
by French.

BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.

LONDON, Feb. 20.—The occupation by two Italian battalions of Koniza, in Western Greece, near the Arabian border, is reported in an Exchange Telegraph despatch from Athens, which says this announcement has been made officially. The Greek authorities at Koniza are reported to have withdrawn southward to Janina, after a night of fighting.

PARIS, Feb. 20.—Active artillery engagements occurred last night between the Olse and the Aisne and in the region north of Filirey. A surprise attack by the French resulted in the taking of prisoners.

The attack was for the purpose of "rather spirited artillery actions occurred between the Olse and the Aisne in the Avocourt sector north of Filirey and west of Wattviller. We made by surprise attack on trenches of the enemy and took prisoners. Elsewhere the night passed quietly."

PETROGRAD, via London, Feb. 20.—British admiralty post office press: A minor infantry operation on the Russian front in which the Teutonic troops were beaten off by the Russian fire is reported by the war office today as follows:

"The enemy, about a battalion strong, attacked in close formation our positions in the region of Slaventine, northwest of Hodgaste, being met by our concentrated fire and forced to retreat."

"In the Black Sea one of our submarines sank a steamer and eight schooners near the Bosphorus."

Army Authorities Are Censured by Solons

DES MOINES, Ia., Feb. 20.—Hotly worded resolutions, charging the War Department with trying to disrupt the National Guard by such orders as that of February 9, requiring members of the Third Iowa Infantry to pay for their old uniforms, were adopted unanimously in the State Senate today after an entire morning of debate.

Plan to Make Park at Canyon Approved

WASHINGTON, Feb. 20.—Senator Ashurst's plan to make a national park of the Grand Canyon of the Colorado was favorably reported to the Senate today from the public lands committee. The land is now government-owned. About 300 square miles would be included.

1000 VESSELS SUNK BY KAISER SINCE AUG. 1

125 Are Victims Since
Ruthless "U"
Struggle

BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.

LONDON, Feb. 20.—Approximately 1000 ships, both allied and neutral, have been sunk by the Central Powers since the 1st of August, according to statistics compiled here today. Of these, 125 have been reported sunk by submarines from the beginning of the ruthless "U" boat war up to today. The others have been sunk during the six months between August 1 and February 1. These included vessels of all classes. Archibald Hurd, naval editor of the Daily Telegraph, again sounds a warning, saying "our life line is being nibbled away."

AMERICANS WAIT FUNDS FROM HOME

Holland and Denmark Refuge
of Many Who Seek to
Return.

BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.

LONDON, Feb. 20.—The problem of getting funds to American refugees from Germany, constantly growing in Holland and Denmark, is worrying American residents here. Despatches from Copenhagen today estimated the number there waiting transportation back home at about 500. Many were said to be almost without funds. A considerable number are United States officials.

Holland despatches today said those American consular officials who did not depart from Germany on the special embassy train which bore Ambassador Gerard are preparing to leave via Switzerland. Other Americans, however, are not being permitted to leave, except via Denmark. One exception to this rule was made in the case of Miss Marie Haviland of New York.

Berne despatches today said she had reached the point after an arduous trip from Warsaw. German officials took all of her money except \$200, declaring it was a rule not to permit those leaving the country to take more than that amount.

U. S. PREPARES TO GUARD POSSESSIONS

Congress Oppured to Greater
Activity by War
Crisis.

BY INTERNATIONAL NEWS SERVICE.
LEASD WIRE TO TRIBUNE.

WASHINGTON, Feb. 19.—Spurred by the international crisis, Congress at the administration's urgent behest, today turned its activities to tightening the American grip on the West Indies and the isthmus of Panama. The war clouds have aroused leaders to the imperative necessity of leaving no legislative stone unturned to provide adequate protection to America's most vulnerable point, the Panama canal.

These measures were forced into the foreground in Congress by the administration today as the first steps in strengthening this vital control of the Caribbean and the Gulf.

One—Appropriation of \$25,000,000 to immediately close the purchase of the Danish West Indies.

Two—The bill providing governmental machinery for controlling the Danish Islands.

Three—The immediate naturalization of the Porto Ricans.

Four—The ratification of the Colombia treaty, carrying \$25,000,000 to win back Colombia's good will.

Five—Appropriations approximating \$1,200,000 for the naval improvements in Porto Rico.

The administration has made it clear that the international situation demands the immediate possession of the Danish West Indies by the United States. They have been called "the key to the Caribbean" by the naval authorities and they will be made the chief outpost in the navy's scheme of defense for the Panama canal.

Blockade of Entente Is Starving Greeks

NEW YORK, Feb. 20.—Further information about suffering in Greece resulting from the entente blockade has been submitted to the State Department by the Greek legation. Cases of starvation were reported from various provinces, and the poor quality of flour available was said to have brought on an epidemic of dysentery and cholera poisoning.

LONDON, Feb. 20.—The French, British and Russian legations explain the reasons for the continuation of the blockade as due to the fact that the requirements of the entente ultimatum the Greek government, especially with reference to the delivery of arms, have not been fulfilled completely.

When Posam is applied, angry skin is instantly soothed, irritation is allayed, itching, however intense, is ended. Posam, a healing power rare and unobtainable elsewhere, is the only skin remedy that accomplishes such complete and satisfying results. Posam is sold everywhere. For free samples write to Emergency Laboratories, 22 West 25th St., New York City—Advertisement.

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare. Get from any druggist 2 1/2 ounces of Pinex (50 cents a bottle), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 64 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with gualacal and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to get your druggist for 2 1/2 ounces of Pinex with full directions on how to accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Everyone Knows This Kidney Medicine Is Good

For fourteen years Dr. Kilmer's Swamp-Root has stood the test in my trade and today is equal to the best remedy for kidney, liver and bladder ailments. It enjoys a splendid reputation and has met with great success according to the favorable reports received from my customers who have used it in the troubles for which it is intended. I know of a case of gall stones that was entirely cured through its use, and I firmly believe in its merits. Very truly yours, LYNN B. FERGUSON, Druggist, Sept. 14, 1916. Newberg, Oregon.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send 10 cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince any one. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Oakland Daily Tribune. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Advertisement.

WHERE IS THE MOTHER

with a child who is rundown, has pale cheeks or thin blood, who will hesitate to give that child the very thing it needs to start it growing and keep it going? For over forty years the concentrated liquid-food in Scott's Emulsion has been changing thinness to plumpness—changing poor blood to rich blood.

There is nothing better for growing children—whether they are weak or well—than Scott's Emulsion, but see that you get the genuine Scott's. Scott & Bowne, Bloomfield, N. J.

Car Shortage Is Still Serious Railway Embargoes Continue

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

CHICAGO, Feb. 20.—The freight car congestion and shortage, characterized a week ago as the worst in the history of the railroads, remains practically unchanged today. Practically every embargo clamped on by Eastern and Western roads continues in force, being lifted only in special cases or to take care of local conditions. Meantime food prices are soaring.

Western roads still refuse to accept shipments billed for Eastern destinations, and the Santa Fe and other transcontinental lines are holding up shipments in Western cities in an effort to clear the Chicago yards. The Santa Fe, which usually solved the local situation, but more than 2400 loaded cars are on siding between here and Kansas City.

The advent of warmer weather, which officials promised would bring relief, and the renewed sailings of merchant vessels held in Atlantic ports, has not had any appreciable effect here. Shippers continue to call for cars; roads give them the same reply.

Officials of the Northwestern, Chi-

cago, Milwaukee and St. Paul and Great Western and Burlington railroads all report no change. Local conditions have improved, they say, but the East is as inaccessible as ever. If the Eastern roads could meet the situation, Western roads would have no difficulty, they agree.

"PASSING TIME BUCK." "Merely a matter of 'passing the buck,'" one official said. "The Eastern roads are the cause of Western congestion. If they could handle their business we would have no trouble."

War prices in foods, in which marked declines were predicted, continue steady or else have an upward trend. Potatoes have risen steadily for a week. Potatoes in Minnesota and Wisconsin varieties sold for \$2.50 wholesale and from \$1 to \$1.05 per bushel retail. Fancy Westerns were quoted at \$3 per bushel wholesale, but with a small supply available.

Brokers and grainmen could see no relief in sight for the grain market. Prices, while not abnormally high, considering outside factors, have had a steady upward trend. The car shortage and embargoes temporarily forced the market, but the effect never reached the consumer.

"HIGH PRIESTS STEADY." "As long as the war continues high prices will continue," said one commission man. "There is not the slightest excuse for war prices in foodstuffs in the market. The shortages you hear about do not exist. Speculators and market manipulators can jockey the situation, to suit themselves. With the war as it never before."

Several Chicago elevators, closed recently because of the car congestion, have not opened. Reports received from the East today that a number of empty cars were being dispatched westward created an optimistic feeling.

protest were drowned by the moans and shrieks of the rioters as mounted police made their way through the mob, attempting to break it up.

After more than an hour and a half of disorder and demonstration, police finally succeeded in scattering the crowd in all directions, and still shrieking and moaning threats, the hundreds of women made their way back to the ghetto and the East Side, not in an

TENDER TOES OF AMERICAN WOMEN

Tortured With Corns Because of High Heels, But Says Corns Lift Out.

Style decrees that women wear high-heeled footwear, which buckles up the toes, producing painful corns; then many women cut at these pests, which is a most dangerous proceeding, because one is simply inviting infection or an awful death from lockjaw.

For little cost there can be obtained from any pharmacy a harmless drug called frezone. A quarter ounce of this is sufficient to remove every soft or hard corn or callus from one's feet. A few drops applied directly upon a tender, aching corn, relieves the soreness at once and soon the entire corn, root and all, can be lifted right out without pain.

It is a sticky substance which dries in a moment and shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Here is a good thing, ladies, so pass it along to your sisters in distress.—Advertisement.

"Big Drive" for Hospital On Providence Fund Is Growing

The drive to raise \$150,000 to erect the new Providence Hospital to rise from the hills of East Oakland by the side of Lake Merritt—begins today.

At a dinner given at the Hotel Oakland last night, whereat 400 guests had assembled, the first big gun of the campaign was fired.

With Judge Henry A. Melvin as toastmaster, seven-minute talks were made by Robert M. Fitzgerald, Joseph J. Ross, borough of Harrison Bell, Most Rev. Edward J. Hanna, Archbishop of San Francisco, Walter Wallace Cribbins and Mrs. Thomas P. Hogan. Samuel Shortridge was to have raised his voice and forefinger in behalf of the good cause, but at the last minute found it impossible to attend.

Each speaker confined himself literally to the allotted seven minutes, but it was seven minutes of concentrated enthusiasm for the big humanitarian work at hand.

During the dinner, entertainment was provided through the courtesy of the Orpheum and Pantages theaters.

The arrangements for the large assembly of interested people in Oakland's newest civic enterprise was in the hands of Miss Lorena McIntyre.

Today the team captains and their cohorts will meet at noon at the Providence Hospital headquarters at the Hotel Oakland to report the results of their first day's scouting.

MANY GUESTS.
As a society event, the banquet last night was a decided success, for many smart parties were given at which the double pleasure of attending the banquet, thus knowing that funds were to be collected to be directed toward a worthy cause and of dancing to the excellent music furnished by the orchestra, and listening to the good entertainment which the management had provided for the guests.

Hosts and hostesses of the evening who

entertained parties were as follows: Mr. and Mrs. R. H. Hammond, Dr. and Mrs. W. H. Robinson, Mr. and Mrs. H. J. Quinn, Dr. and Mrs. John P. Slavich, Dr. and Mrs. C. A. DePuy, Mr. and Mrs. Harmon Bell, Mr. and Mrs. James McAllister, Dr. and Mrs. A. P. Maine, Dr. Frederick E. Allen, Mrs. T. E. Schmitt, Mr. and Mrs. P. Kisch, Dr. N. S. Duggan, Mrs. Richard Merrick, Mr. and Mrs. George E. Perkins, Miss Besse Wood, Mr. and Mrs. P. G. MacIntyre, Miss Lorena McIntyre, Mr. and Mrs. William Havens, Mr. and Mrs. Thomas G. Murphy, Mr. and Mrs. Michael A. McNis, Dr. George Reine, Dr. and Mrs. O. D. Hamlin, Mr. and Mrs. J. J. Donovan, Dr. J. Maher, Dr. and Mrs. W. L. Friedman, Mr. and Mrs. John H. Tolan, Mr. and Mrs. C. T. Macourne, Mr. and Mrs. F. A. Doggett, Mr. and Mrs. J. J. Cox, Mr. and Mrs. J. J. Donnell, Dr. and Mrs. H. A. Makinson, Charles J. McCarthy, Mrs. T. W. McGuire, Dr. F. R. Makinson and Mr. and Mrs. Elmer D. Dyer.

DONATIONS MADE.
The following is a partial list secured by only one of the special committees of donations of a hundred dollars and over to the new Providence Hospital campaign fund:
Senator James D. Phelan, \$500; H. C. Capwell Co., \$500; Taft and Penneyer, \$500.
J. F. Carlston, \$250; Harmon Bell, \$250; R. M. Fitzgerald, \$250; Oakland Bank of Savings, \$250.
R. C. Endris, \$200; Hogan Lumber Company, \$200.
Bowman Drug Company, \$150.
John J. Cox, \$100; P. J. Freeman, \$100; A. Friend by Dr. Slavich, \$100; Dr. John P. Slavich, \$100; Maxwell Hardware Company, \$100; J. A. Beckett, \$100; Judge William H. Donahue, \$100; Security Bank, \$100; Lesser Bros., \$100; H. P. Flannery, \$100; A. Schleuter Company, \$100; John H. Tolan, \$100.

TRAIN HITS AUTO; 2 KILLED; 3 HURT
LOS ANGELES, Feb. 20.—Two men were killed and three were injured, one fatally, early today, when the automobile in which they were returning to Fillmore was struck by a Southern Pacific engine at Newhall Crossing, east of Newhall. The dead are:
Young D. Brooks.
Bernard Toulney.
The injured:
James Sawyer, fatally injured.
Walter Collins, cuts on head and face.
J. E. Miller, badly bruised.

TODAY'S AID TO BEAUTY
Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any druggists) in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling, lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a stiffness which makes it seem much heavier than it is. After a canthrox shampoo, arranging the hair is a pleasure.—Advertisement.

Capwells

This Store Will Be Closed All Day Thursday in Honor of Washington's Birthday.

Capwells

The new colors; the new cut in Women's Spring Suits, Coats and Dresses

Fabrics of interesting, fascinating weaves. Colors—vivid or soft and beautiful.

And "cut" that results in flared pockets; in elusive waist lines; in different lengths. Belts were never so different and good style and becomingness never so apparent.

Suits of Many Kinds

Suits for every occasion, street, dress and sports wear. Materials of serge, gabardine, Poirer twill, velour, taffeta, Khaki Kool, Yo-San, wool jersey and poplin. Also

Colors—navy, black, white, tan, reseda, gray, rookie, green, Copenhagen, gold, rose, chartreuse, coral and velour plaids. \$25 to \$95

Spring Coats

The beauty of the new fabrics lends charm to every new effect in style; the beautiful bright wool velours and burella cloths, soft, fine Bolivia cloths, novelty plaids and checks, dark-toned gabardines, poplins and tricelines.

There are coats with cape collars that hang straight and loose, or which can be transformed into great muffler collars; coats with belts of every description, confining the fullness to slender lines. Many copies of imported models. In all a most attractive collection ranging in price from \$14.75 to \$87.50.

—Ready-to-Wear Section, 2d Floor

Novelty White Wash Fabrics

Dainty voiles, marquises, organdies and Bourrette crepes—a host of snowy white materials waiting to be made into dainty ruffled and tucked Spring dresses; 36 inches wide, yard 35c
Wash Goods Dept.
First Floor.

Toilet Aids

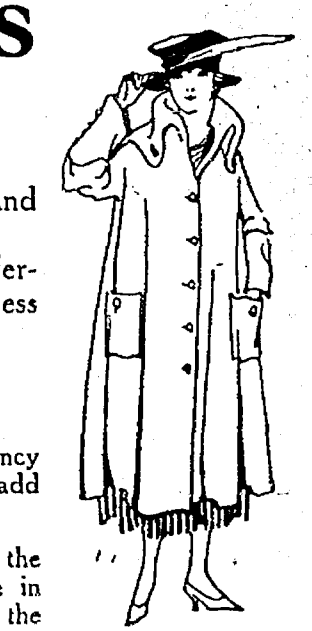

Our Hair Dressing, Shampooing and Manicuring Parlors. Make Appointments by Telephone.

For the Holiday A Special Showing of New Millinery

Stunning black liscere dress hats among Fashion's chosen favorites in the collection. Smart tailored and semi-dress sport hats, fine Milans, split straws, new Milan hemps, smartly trimmed with exquisite beaded ornaments, Oriental flat trimmings, gay colored feathers and embroidered applique ornaments.

All the New Colors including Shadow Lawn green, emerald green, gold, chartreuse, American Beauty, pearl gray and navy blue.
We are exclusive Oakland agents for "ANDREA," "CONSELLO" and "SPORTEX" model hats. Prices to suit every purse.
—Millinery Shop, Second Floor.

Silk Suits

some of them with the new barrel skirt, fancy jackets, sash belts, tassels and silk collars all add to their attractiveness.

A characteristic of this season's suits is the beauty of many of the linings, which are in bright and fancy colors, the silks used for the purpose being Yo-San, Pussy Willow and Peau de Cygne.

Silk Dresses in lovely styles

New Spring models in dance, Spring and afternoon frocks. Charming styles of crepe meteor, taffeta, Georgette, Yo-San, Khaki-Kool, crepe de chine, net, etc. Russian blouses in effective color combination, straight line and quaint short-waisted effects are noticeable features. Colors—white, flesh, green, blue, rose, gold, chartreuse, corn, navy, black, gray and wistaria. Prices—\$19.75 to \$100.
—Second Floor

Burella the New Coating

A fabric with a rough, soft surface giving a splendid dust-resisting weave not easy to spot or wear shiny. Very handsome in appearance and very smart for coats and suits. In all the new shades. 56 inches wide. Yard—\$3.00.

TAILORED SKIRTS MADE TO ORDER FOR \$1.50 AND UP When Materials Are Purchased Here. Expert Tailor—Satisfaction Guaranteed.

CAPWELLS BASEMENT STORE

A Galaxy of Special Events for Wednesday Shoppers

New Serge and Poplin Dresses \$11.75

You have never seen smarter styles than these at such a little price. Some are plaited from the yoke, some are straight-line models and others are made with loose embroidered belts and large collars.

Basement Millinery Section Extra Special—

New Straw Shapes 95c

Hundreds of new straw shapes in mushroom styles, tailored sailors, pokes and street hats in black and colors. Dozens and dozens of new flowers, flat ornaments and trimming fancies priced from 15c, 25c and up. Hats trimmed free in our Basement Store.

Special for the Spring Sewing!

New Edgings and Insertions—7½c Yard

or 12 yards for 75c. Just arrived—a big line of sheer, lovely patterns—all exceptional values. Very dainty for trimming lingerie and children's garments. The clever needlewoman who makes bargains count will come early for this.

Lingerie Long Cloth—10c Yard

An echo of the days before prices began to skyrocket! Fine, softly woven material with nainsook finish. Nothing like it for dainty lingerie and children's wear. Supply yourself now for the spring sewing and you will have the benefit of a neat little saving. Width 36 inches.
(On Sale in the Basement Store Only)

Novelty Check Dress Goods—49c Yard

Several different patterns of checks in this fashionable new material and offered at a very low price. Very appropriate for suits, coats, separate skirts, and very attractive as one-piece dresses for the school girls. Wears well and is 42 inches wide.
(On Sale in the Basement Store Only)

New Sport Dress Skirts \$3.95

Just in and very smart in style, durable and inexpensive. In fancy broken checks in various colors. Made with belt and neatly trimmed pocket.

New Wash Silk Waists \$1.95

Solid colors and sport stripes. Some all white with colored collars. A splendid assortment of shades. Can be washed. Wonderful values at this little price.

Sale of Wash Prints 5c yd.

Priced so extraordinarily low because they are in manufacturers' lengths of 4 to 10 yards. Splendid for house dresses and kiddies' clothes. Attractive all-over patterns on light grounds; good wearing qualities. The choicest of choice bargains!

Apron Gingham—8½c Yard

Pretty navy and white gingham in a range of differently sized checks. Good, substantial body, sure to give all sorts of wear, and, best of all, priced down to bedrock. Add this to your shopping list.
(On Sale in the Basement Store Only)

36-Inch Wool Batiste—59c Yard

Widely used for kimono, house dresses and waists. Very pretty appearance and very substantial body. Comes in cream, old rose, Copenhagen, gray, Alice blue and pink.

Spring Semi-Silks—39c Yard

Beautifully finished—as silky and lustrous in appearance as all-silk. Large range of colors, lavender, white, tan, brown, reseda, old rose, Alice blue, pink and black. Very pleasing for dresses, waists and children's wear. 36 inches wide.
(On Sale in the Basement Store Only)

Women's Crochet Yoke Vests—23c

One of the best items ever offered from the department! Made of silk-lisle, silk taped, with low neck and sleeveless. Sizes 4, 5 and 6. Sure to meet with your approval.
(On Sale in the Basement Store Only)

TWO OAKLAND TAILORS MAY AID MOONEY

Affidavits of Thomas Stout and William Berges Declare Mrs. Edeau Told Them Different Stories Concerning Suspects

Application for New Trial Is Occasion for More Surprises; Frank Oxman Denies Statements Made by Woman

TRIBUNE BUREAU
683 MARKET ST.

SAN FRANCISCO, Feb. 20.—Affidavits from two Oakland tailors impugning the testimony of Mrs. Edeau and her daughter in the trial of Thomas J. Mooney were sprung this morning by Attorney Maxwell McNutt in his application for a new trial before Judge Franklin Griffin. As the court was occupied with another case, the hearing on the application was continued until 2 o'clock this afternoon.

The affidavits were secured through the clever detective work of Miss Claire Vivian, a stenographer in McNutt's office, who, with the aid of Attorney John C. Lawlor, found two witnesses who declare that Mrs. Edeau told a different story in Oakland from the one related on the witness stand.

The first affidavit filed is sworn to by Thomas Stout, a tailor in the employ of Foreman & Clark and living at 1714 Market street. He states that Mrs. Edeau told him that she and her daughter were at Stewart and Market streets when the bomb exploded and that she saw two of the victims—a little boy and an old man. She also told him, he declares, that she saw two old men carrying a heavy suitcase shortly before the explosion.

After she had gone to San Francisco to identify the men she had seen, Stout says that he asked her if the men under arrest were the same. "Oh, no," she is alleged to have replied, "the men they have are only young boys. They did not look anything like the men I saw."

Mrs. Edeau's testimony during the Billings and Mooney trials was to the effect that she saw the two defendants at 721 Market street.

The second affidavit is by William H. Eergess, another tailor in the employ of the same firm and living at 600 Seventeenth street. His affidavit gives the report of a conversation with Mrs. Edeau of practically the same nature as Stout's. He does not mention her having been at Stewart and Market streets, but he says that she informed him that her daughter had called her attention to two old men carrying a heavy suitcase. He corroborates Stout's report of Mrs. Edeau having said that the men under arrest were only young boys and not at all like the men she had seen.

Frank C. Oxman, star witness against Mooney, filed an affidavit in which he denied in detail the statements made in the affidavit of Mrs. La Posse.

Joaquin Miller Club Will Hold Session

The Joaquin Miller Club will meet tomorrow afternoon in Convention Hall B, of the Civic Auditorium. Mrs. Fred Harrison will preside as chairman to the following program: Joaquin Miller's poem read by his widow, Mrs. Miller; "Personal Reminiscences of the Poet," by Wells Drury, Berkeley Chamber of Commerce; original poem on "The Heights," by Mrs. Mary Cameron Benjamin of Alameda; resume of work of the Joaquin Miller park committee, Mrs. Sarah Borland; review of work of music festival committee of Oakland Chamber of Commerce, Dr. J. Lorin Pease. Dr. Minora Kibbe, chairman of the club, which opens its program to any who are interested.

Anti-Cigarette Bill Is Offered in House

SALT LAKE, Utah, Feb. 20.—An anti-cigarette bill which would make it unlawful to sell, give away or have in one's possession cigarettes, cigarette papers, tobacco or papers to be used for making cigarettes, was introduced in the lower house of the legislature. It fixed a penalty of a fine of \$300 or imprisonment in the county jail not to exceed six months.

News from Labor Headquarters

Several new and reappointed delegates turned in their credentials last night at the meeting of the Central Labor Council.

The Milk Wagon Drivers' sect J. Ryan, A. Haroldson, C. Fyfe and J. Whitsett to the council, and from the Retail Clerks' Union credentials were filed by J. P. Griffin and T. D. Gardiner. The I. A. F. S. E. (stage employees) sent P. Kelly and F. C. Casey.

Investigation is being made, on behalf of the electrical workers' union, of alleged violation of union rules in connection with the operation of motion picture machines before the curtain at the Ad Masque. The matter may not be one, however, that will involve serious consequences, it being understood that if the firm using the machine is found to have done so contrary to union rules a settlement of the matter will be suggested.

A successful entertainment was that held by the Street Car Men's Union at the Auditorium, when a sketch, dealing with matters of interest to the union, was presented by members of the union. This was written and staged completely by union men.

Plans are being made by the newly elected officers of the Musicians' Union for several important activities during the present year. Business Agent J. Atkins of the union has been in consultation with a number of organizations giving social affairs, to urge the employment of union music in all such events and plans a service department through which union music or information regarding it can be obtained whenever needed by any organization. This will be coupled with a lively campaign this year.

Work is progressing in the movement to unionize the engineers employed in cranes on the east side of the bay. The Union of the Steam Engineers' Union is at the head of the committee in charge of the work, and has already interviewed a number of places to be affected by the move.

Protest against the abolition of the State Fish and Game Commission as it now stands was filed with the Central Labor Council by the Lake Tahoe Trout Fisheries. The officers of the council were instructed to render any assistance possible in the matter.

A large number of Oakland stores have signed the agreement of the Retail Clerks' Union, according to the reports offered at the council meeting by delegates from the union. Several stores are now being approached in the matter. The Palace Bakery has settled its grievances with the bakers' union. It was announced at the Central Council by Delegate Shea of that organization. It was reported by this delegate that whenever the union label is placed in future on bread wrappers these wrappers must also bear the union label of the Allied Printing Trades Council. This would affect a number of bakeries.

Signatures Secured on Anti-Picketing Plan

Eighteen men were sent out this morning by the Employers' Association of Alameda and Contra Costa counties to procure signatures necessary to place the anti-picketing ordinance on the ballot in May. When the city council declared that it would not place this ordinance before the people, Marc R. Sherwood, secretary of the Employers' Association, made a statement that he would procure 5000 names or more than twice as many necessary to force the city council to place this ordinance on the ballot for a vote of the people.

During the past week seven men have procured several hundred names, all of which have been checked and found genuine.

Remote China Cities to Be Lecture Topic

Remote cities of China seldom visited by white men will be described tonight in an illustrated lecture by Professor George D. Louderback of the University of California in the Claremont school. The lecturer recently spent two years in the interior of western China in the employ of the Standard Oil Company prospecting for oil, and during his wanderings he collected one of the finest series of photographs ever brought from that little known country. One hundred of them will be shown this evening. Professor Louderback is an interesting speaker as well as a distinguished geologist, and his lecture will be one of great interest.

OIL CARGO SHIPPED. MARTINEZ, Feb. 20.—The steamer Belridge of the General Petroleum Company took on 70,000 barrels of crude oil yesterday at the Shell refinery. The Belridge makes this trip monthly. The Maricopa is due here today and will take on a cargo of 70,000 barrels of gasoline for Hongkong.

FUNSTON TO BE BURIED IN S. F.

Presidio Will Be the Scene of Impressive Ceremonies for Commander.

SAN FRANCISCO, Feb. 20.—The body of Major-General Frederick Funston will be buried in the National Cemetery at the Presidio here, according to announcement today by Major-General J. Franklin Bell, commander of the Western Department of the army. All troops at the posts around San Francisco bay will participate in the military ceremonies, which will precede interment. The date for the funeral and the details of arrangements have not been decided upon.

General Bell announced that General Funston's body, in charge of one of his staff officers, would arrive here Friday afternoon. Interment will be at the side of Funston's little son, Arthur McArthur Funston, who died some years ago.

SAN ANTONIO, Texas, Feb. 20.—The body of General Funston is due in San Francisco Friday afternoon at 1 o'clock, although it is not yet known whether it will arrive on the Sunset limited via Oakland or by way of San Jose.

A military escort composed of ten companies of the Coast Artillery will assemble to receive the remains and accompany them to the Presidio. This escort, under command of Major-General J. Franklin Bell, commander of the western department, will consist of 1500 men from Fort S. J. Baker, Baker, Miley and McDowell. Spanish-American war veterans will also be present to march in honor of the hero of the Philippines.

Funeral services will be held Saturday morning in the First Presbyterian church with the pastor, the Rev. William Kirk Guthrie, as one of the officiating clergymen. Interment will be in the military cemetery in the Presidio.

Funston Was Weary of Mexican Problems

CHICAGO, Feb. 20.—Weary of handling the Mexican problems, and dealing with what he used to refer to as the "son of a gunistas," Major-General Frederick A. Funston facetiously expressed this hope that he might return to the Philippines, in one of the last letters he ever wrote. The letter was received by Colonel George K. Hunter, inspector-general of the Central Department.

"We are still plugging away at the job down here, and I confess, for one, that I am getting tired of it," wrote General Funston. "I hope I can go sometime some place where I will never again see a Mexican or hear of one."

Pershing Remains Acting Commander

EL PASO, Feb. 20.—Major General John P. Pershing announced he would remain here as acting commander of the Southern Department, pending receipt of orders from Washington. He will also retain command of the El Paso patrol district for the present. It was announced at district headquarters today that the body of General Funston would pass through El Paso tomorrow at 5:30 p. m., and General Pershing and his staff are preparing a memorial program to be given while the body is here.

Godiva in Clothes and Liquor, Faces Court

When Myrtle Vance fell into the tolls of the police again last night she presented a more comfortable appearance than she did last Sunday afternoon when she paraded up Broadway minus attire with a crowd in her train. This time she was fully garbed and also fully according to the police report. This morning Judge Mortimer Smith fixed her bail at \$30 and sent her to the detention hospital, where she will be held for examination as to her sanity. Yesterday she presented the court to leave and return to Richmond, her home, but she failed to do so and remained here and imbibed freely instead.

Alfred Hertz Files Citizenship Papers

SAN FRANCISCO, Feb. 20.—Alfred Hertz, director of the San Francisco Symphony Orchestra and former director of the Metropolitan Opera House in New York, this morning filed his application for citizenship. In his application, he stated that he had filed his intention of becoming an American citizen in New York, February 16, 1915. Hertz was born in Frankfurt-on-Main, September 15, 1872, and came to the United States in 1901.

Report of Sinking of U. S. Ship Is Denied

AMSTERDAM, Holland, via London, Feb. 20.—A Constantinople telegram says there is no truth in the report that the U. S. ship Scorpion, stationed at Constantinople has been seized or sunk.

For several days reports that the Scorpion had been sunk have been in circulation. Apparently they were based on rumors where they were accepted as authentic by the press. It was said at Washington yesterday that the report was discredited there.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? If you are a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful eye prescription. One man says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seemed clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting

Daughters of Israel to Hold Monster Charity Ball

MRS. HENRY K. ZEIMER, one of the women working to make the Daughters of Israel benefit ball a big success.

Dance Will Be Held Under Auspices of B'nai B'rith Lodge

Probably the largest event of the spring season will take place next Tuesday evening when the annual ball for the benefit of the charity work of the Daughters of Israel Relief Society will be held. The affair will be given under the auspices of B'nai B'rith Lodge No. 252, together with the Daughters of Israel and the Fruit and Flower Mission.

This year the ball will be of especial significance as it will combine with the annual charity affair a celebration of the fortieth anniversary of the relief society. It is expected that over 1000 persons will attend.

Mrs. Henry Zeimer, a member of the executive committee of the Daughters of Israel, is taking an active part in the organization work, and many other women prominent in local society are working to make this year's ball a big success.

CHAPIN SUED; WIFE CHARGES HE BEAT HER

Millionaire Publisher Is Defendant in Action; Cruelty Grounds

SAN FRANCISCO, Feb. 20.—W. W. Chapin, millionaire newspaper publisher and club man, was made defendant this morning in a divorce suit filed by his wife, Katherine Gray Chapin, on the ground of cruelty. The plaintiff alleges that Chapin had struck her on several occasions; that he had torn her nightgown from her body, that in Atlantic City on July 12, 1916, he beat her and that on December 22, 1916, in San Francisco he threw her from him with such violence that she fell on the floor and broke her arm in two places. They separated on December 28, 1916, says the complaint. No alimony is asked for.

Suffrage Bill in Indiana Is Favored

INDIANAPOLIS, Ind., Feb. 20.—With one dissenting vote, the report of the judiciary committee recommending passage for the Maston woman suffrage bill, which has already been passed by the Senate, was approved by the lower house of the legislature today. Turner of New Albany opposed adoption of the favorable report.

Consul's Aid Sought by Murder Suspect

STOCKTON, Feb. 20.—Joseph Schen, arrested here on the night of the death of Policeman Jack Brisco and charged with that officer's murder, pleaded today to the aid of the Dutch consul in San Francisco. He had sent one letter to the official, he said, but received no reply. Schen was identified at the sheriff's office here as a man who had escaped from a federal officer in North Dakota, while being taken from California to New York to be deported to Holland.

Fish Are Dying As Result of Freeze

McHIGGON, Ill., Feb. 20.—Millions of fish are dying in the Mississippi river this winter because of the unusual thickness of the ice, according to government fishermen at stations along the stream between here and Winona.

SUNDRY CIVIL BILL AIDS STATE

Various Improvements Are Decided on by U. S. Government.

WASHINGTON, Feb. 20.—California appropriations in the sundry civil bill, reported today, include: Yosemite National Park, for grading El Portal-Yosemite road to a width of twenty feet—\$75,000. For a new bridge at the site of the old Sentinel bridge—\$50,000. Repairs and maintenance of roads, trails and bridges—\$32,000. Total—\$157,000. Sequoia National Park—Maintenance—\$25,000. General Grant National Park—Maintenance—\$20,000. Benicia Arsenal—\$1700 for an elevator and \$2000 for an oil storehouse. Postoffice to be completed or construction continued—Bakersfield, \$27,000; Red Bluff, \$20,000; San Pedro, \$10,000. For mail carrying machinery at the Fresno Postoffice \$2000 is provided, and \$5000 for the same purpose at the Los Angeles Postoffice. Reclamation projects—Orland, \$43,000; Klamath, \$239,000. That the Wilson administration intends to continue the suits to oust the California claimants in the naval oil reserves is shown by an appropriation of \$95,000 for expenses of these suits.

Food Prices Soon to Drop, Says Dealers

CHICAGO, Feb. 20.—This bit of cheer came from the nation's food market today: Rising food prices have about reached the ceiling and are due for a rebound. Big commission houses here declared today that there will be an early break in the high price of potatoes, now retailing at 80 cents a peck on the Chicago market. The first break in the winter weather will bring carloads of potatoes tumbling into the market from farmers' potato pits throughout Michigan, Wisconsin and other producing states. Eggs dropped 3 cents today on renewed activity by the hens due to the approach of spring.

George S. Atwood Dead in Berlin

BERLIN, Feb. 20.—George S. Atwood, secretary of the American Chamber of Commerce and a native of Massachusetts, is dead here after three days' illness. His funeral will be held Wednesday, interment being in a Berlin suburb. Atwood signed the register in the Berlin office of the United Press shortly after notice had been received here of the break in relations between America and Germany. At that time he wrote in the register book: "Remaining at my post, faithfully as ever. George S. Atwood."

Rumors of Americans Pursuing Diver Denied

NEWPORT, R. I., Feb. 20.—Stories that a German submarine had appeared off the coast here and that United States warship had been sent in pursuit were denied today by naval authorities. "It's news to me," said Captain Chauncey Kenyon, commander of the coast guard station.

Car Shortage Bill Reported to House

WASHINGTON, Feb. 20.—The Esch car shortage bill, giving the Interstate Commerce Commission in freight traffic emergencies broad powers to suspend all car service except such as may have reasonable directions to meet the situation was favorably reported to the House today by the interstate commerce committee.

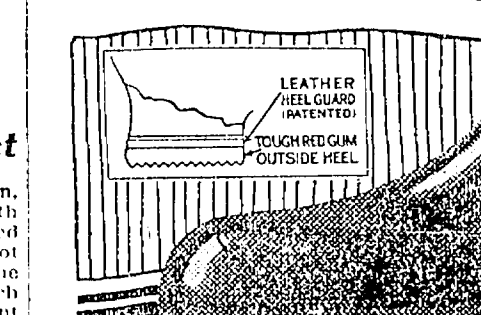

Attorney Haled Into Court

Elwood Mann, an attorney, this morning appeared before Judge Ogden on a charge of failure to provide alimony, represented by H. S. Alrich. Mann, who is married, was arrested on the charge brought by his wife February 19.

Scientist Perfecting Tubercular Cure

Japanese Physician Makes Discovery

BERKELEY, Feb. 20.—Prof. Frederick P. Gay, head of the department of pathology at the University of California, is preparing shortly to make public announcement of the methods by which he has cured tubercular disease. Dr. Gay, who is a member of the university medical school, expects to successfully combat tuberculosis, a disease which has made progress in the fight against the plague recently was told, but it remained for developments today to clarify the details of his discovery. Dr. Takekawa's original experiments with regard to tuberculosis put him in touch with the fact that the liver was not in tubercular cases affected by the germs of the disease. From this he set out to isolate the substance in his own anti-toxin and it remained for him to isolate this substance if possible for the treatment of the disease. According to Dr. Gay and other pathologists who have investigated his discovery, the cure for tuberculosis has been well established, has already taken up the Takekawa patients and is endeavoring to keep it from falling into the hands of the public.

Regal Triple Tread Rubbers

At toe and heel where ordinary rubbers are weakest Regal Triple Treads are triple strong—extra toe cap of specially vulcanized tough rubber—strong leather guards (patented) inside the heel and resilient pure red gum outside the heel. These are the only rubbers you can depend on for long service. A trim fit in all sizes and all styles.

Special Lenten Services To Be Held in Churches

Scattering of Ashes and Holy Communion to Mark Season

Special religious observance of the Lenten season will commence tomorrow, Ash Wednesday, in all the Catholic and Episcopalian churches of the city, most of them holding several services during the day. In the Catholic houses of worship the blessing and distribution of the ashes will be a part of the ceremonial, and at the Episcopalian holy communion will be given. At St. Mary's Catholic church, Seventh and Jefferson streets, the special religious observance of the season will commence tomorrow at 7 o'clock. At that hour the blessing and the distribution of the ashes will take place. Masses will be offered tomorrow also at 7 and at 12 o'clock, this last service having been arranged so that working people may have an opportunity to attend. The blessed ashes will be distributed tomorrow at the noon-time mass and also after the evening services at 8 o'clock. The ashes, which are the result of the cremated palm of Palm Sunday, are placed on the heads of the members of the congregation as a symbol of the passing vanity of earthly things and to serve as a reminder of the penitential spirit of the Lenten season. As observed by Catholics, Lent is a six weeks' period of prayer, fasting and abstinence and a time to perform acts of self-denial and deeds of almsgiving. It is held in memory of Christ's forty days of fasting and prayer which served as a preparation for his three years of public life.

SERVICES ELABORATE

The evening services at St. Mary's on Ash Wednesday will consist of Holy Mass, a sermon by the Rev. E. P. Dempsey and Benediction. On the week days following there will be masses at 7 and 8 o'clock, the morning service being held on Wednesday and Friday evenings of Lent, commencing at 8 o'clock, there will be a special service at 8 o'clock on the Friday evenings the services will include the Way of the Cross and a sermon by the Rev. E. P. Dempsey. While on all the Friday afternoons of Lent the devotion of the Way of the Cross will be followed by a brief recitation and the pronouncing of the Benediction. These afternoon services, which are intended principally for the children, and which are also open to adults unable to attend the night devotions, will commence at 8 o'clock. There will be special devotions, consisting of prayers of petition, meditation and benediction on all the Sunday afternoons of Lent. At St. Francis de Sales, Hobart and Grove streets, two services will be held tomorrow, commencing at 9 o'clock in the forenoon, with the blessing of the holy ashes. In the evening special devotions will be held at 7:45 o'clock, opening with the Way of the Cross, followed by a sermon, the benediction and the distribution of the blessed ashes. The sermon

WOMAN TO FIGHT ABATEMENT LAW

SAN FRANCISCO, Feb. 20.—A legal fight to reopen the Barbary Coast was begun today by underworld women recently excluded by the police from one of the most notorious vice spots in the world. Each day, the women propose some houses in the old district will reopen. As fast as arrests are made more women will arrive to take the places of those seized. In the meantime it is proposed to make thorough search of the courts to see if the anti-vice laws and San Francisco's anti-vice ordinances. This announcement was made today when twenty women were taken from a house "on the Coast" and appeared before Judge Brady in the Women's Court. Each demanded a separate jury trial and it will take a month to hear all the cases.

Cuban Revolt Will Collapse, Say Officers

HAVANA, Cuba, Feb. 20.—Collapse of the Cuban revolt movement was predicted today when announcement was made of the tightening of the grasp of government troops on General Jose Miguel's forces in Santa Clara. With the exception of scattered revolts in Oriente province, now under control, the Cuban revolt movement has apparently been overcome and order restored throughout the greater part of the island. Hundreds of persons have been arrested.

TRACE OF MISSING MOTHER FOUND

Police Arrest Friend of V. M. Howard, Alleged Companion of Woman.

SAN DIEGO, Feb. 20.—Traced by the police, Mrs. N. L. McClure and her baby, who disappeared from Bakersfield some time ago, having been located today, one man in the city held on charges of assisting in a felony, and another is expected to be arrested before nightfall. Mrs. McClure left Bakersfield February 4 to visit her parents, Mr. and Mrs. Fred Boggess of the Hotel Ivy, Coronado. Her two and one-half-year-old baby girl was with her. Her husband supposed she had arrived at Coronado and her parents did not know she was coming, so her absence did not attract attention until a week ago, when her husband came here to visit her parents, too. The local police learned today, according to their report, that the missing woman and her baby arrived here on schedule time and went to a local hotel with a man named V. M. Howard, who formerly worked for the Kern Furniture Company, Bakersfield. Joseph Bailey Howard, a friend, was arrested on a charge of aiding in the commission of a felony. Riley says the couple left yesterday on a stage for the Imperial Valley. The police telephone bureau and Valley authorities to hold Howard and those with him.

'Human Chattel' Must Pay Farmer \$1250

SAN FRANCISCO, Feb. 20.—Charles P. Wagner, the local realty dealer, known as the "human chattel" since the sheriff levied an attachment on his person last September under a rarely used section of the civil code, must pay \$1250 to Joseph Perc, a farmer, according to judgment rendered by Judge J. M. Seawell. Wagner had sold a tract of land near Santa Rosa to Perc, who sued him for return of the money because a satisfactory deed was not furnished. Wagner has been out on \$1500 bonds supplied by Frederick and Corinne Langeberger, and he must now deliver himself to the sheriff again or Perc can collect the amount of his judgment from the bondsman.

Escapes War Dangers; Now Has Appendicitis

SAN FRANCISCO, Feb. 20.—Escaping poison gas, shrapnel, snipers' bullets and trench foot, Lawrence McCreey on leave from active duty with the allied army in France came all the way back to this city only to fall victim to a severe attack of appendicitis. He was stricken with a violent access of the disease on Friday night, while dancing in the Fairmont at the Newhall dinner dance in honor of Miss Emily A. Pope. An operation was performed, the same night and he is now convalescing in Mount Zion Hospital. McCreey will return soon to resume his work as member of an ambulance corps.

FIRE DESTROYS PAPER

SOMERVILLE, N. J., Feb. 20.—Fire today destroyed the plant of the Unionist Gazette and other business property here. Damage is estimated at \$150,000.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapiesin" Is the
Quickest and Surest Stomach
Relief.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapiesin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight so gently and easily, that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.—Advertisement.

For Catarrhal Deafness and Head Noises

Here in America there is much suffering from catarrhal and head noises. American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear have had their hearing restored by this English treatment. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

From your druggist obtain 1 oz. of Parmit (Double Strength) about 10c worth. Take this home and add to it 1/4 pint of hot water and 4 ounces of granulated sugar and stir until dissolved. Take a tablespoonful four times a day.

Parmit is used in this way not only to soothe the throat but to soothe the inflammation and swelling in the Eustachian Tubes, and to soothe the inflammation and swelling in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrhal in any form should give this recipe a trial. Osgood Bros. can supply you.—Advertisement.

**MUSTEROLE—QUICK
RELIEF! NO BLISTER!**

It Soothes and Relieves Like a
Mustard Plaster Without
the Burn or Sting

Musterole is a clean, white ointment made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use and give Musterole to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

Bombes Through the Shops

The flood of remarkable new silks that has almost paralyzed with buy both the window shoppers and the masculine element not above glancing at such things when they accompany their unshamed spouses through town is an inspiring subject.

In the first place the names by which these new weaves are known are the names of the particular brands. They are not such titles as "ponies" or "fairies" or those other names that indicate more a kind of silk than a particular weave. It happens, however, each produced a novel silk of curious weave of oriental derivation—each has its own name, but they may be applied to no other silk made. It must come from his looms—just as Jones' pickle sauce and not as Smith's catsup.

Of these superb silks—which certainly surpass any heavy silks yet produced in this country—two have attained special sartorial notoriety since they were first shown in the market. The first is khaki kool, which is very heavy and soft and is generally perfectly plain in color or with a subtle pattern. The second is Yon-San—a beautiful shantung more regular in weave than the khaki kool, for it is minus the ridges that run here and there through the other. There is also a silk very similar to first of those that is known as railway silk, and which comes in similar designs. Kayser—maker of Italian silk—has also turned out a grade of extra weight this year.

Of such—and other things advertised in THE TRIBUNE the Rambler is ready to tell.

One of the silken fabrics that is particularly smart this season for suits and skirts or for collars and cuffs on the dresses created by the modiste is silk poplin. Silk poplin has been rejuvenated in more ways than one; for it not only has come forth in all the colors of the rainbow, but it has been given to itself new designs of the prevailing oriental character. A pattern of small, dark blue lines and dots in same is typical.

Other materials shown this week by Kahle that are of the cotton variety include coarse basket weaves, plique ribbed in imitation of cotton corduroy, gabardine and silk and cotton poplins of light weight. One basket weave cloth pattern alternated inch-wide rose stripes with inch-wide bands of black and white checks of large size. A white gabardine with big separate blocks of dull gold color and a cotton poplin of light weight for extra skirts as this material is both supple and firm enough to hang well. On the plique ribbed appear, likewise, such as periwinkle blue on white.

No power can drive the conservative, well cut blue serge suit fallow from the wardrobe of Eve's daughters, which must have been the reason why a plain and interesting model at Coopers was originally designed.

Of moderate length, and fitting in slightly at the waist, the jacket was equipped with a chic vest of white pique, and with much silk braiding that bound the various edges. Its collar, which was of the shawl type reaching over the shoulders at the sides, was short in back and rounded, relieved by the white overcollar bound with black that was part of the vest. Its reverses, wide at the top, sloped down to the waistline. Another detail of difference from other suits was the belt. Two belts started from either side of the back panel—but the upper one fastened in front, while the lower belts ended their lives on reaching the sides of the front. Four enamel buttons fastened the belt, which in back, leaving but one large one to secure the lower—another novel touch.

Manheim & Mazor's new sweaters—many of them—show that the pinch-back effect which first blundered extensively into men's coats has invaded even this territory. For it appeared most frankly on a fibre silk sweater jacket of bright yellow gold. This model was distinguished also for its trimming—a banding of yellow and white checkerboard silk that formed the belt, the cuff tops and the border of the sailor collar. Not to mention pockets.

Among a number of striking blouses at this shop were several with odd collars

A TEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. Sold by your druggist. Will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for free testimonials to Dr. E. W. Hall, 228 Olive street, St. Louis, Mo. Sold by druggists.—Adv.

of different shape of the new American shantings and khaki kool. One of these, which was especially attractive, was evolved from heavy white crepe de chine with a very wide shawl collar of white khaki and with an oriental pattern of red, black and mustard. This fastened below the throat with a single small white pearl button in an orange buckle more than two inches long.

Oyster gray—which, oh, fair shoppers, means a shade slightly deeper than ivory, is the hue in which many of the kid tops of smart new boots at Rosenbloom's decorated. One of the models with this kind of "uppers" began with winged-tip vamps and the moderately low new heels of gunmetal, and ended with oyster gray silk laces. A suede top of the same shade appeared on vamps of an arm mounted by French heels. The combinations of neutral colors are distinctly curious. Instead of placing in proximity two shades of one color, the shoe designers have chosen to use shades of entirely different basic hues. For instance you will discover vamps of African but which topped with oyster gray, and all manner of shades of oxford tans. Gray tops or white are very general—despite the high cost of living.

Flannel skirts and summer worsteds continue to grow more extraordinary every day as any shopper might observe on observing a skirt such as one at the Toggery that had been brazenly evolved from a large block of brilliant violet and pure orange. This was of a thick, fuzzy and yet lightweight fabric, while the majority of the other models were of smooth cloth.

The manner in which a skirt of gray, white and green stripes of odd widths, had been made gave it novelty. In front and on back the stripes ran vertically, but on either side narrow panels of horizontal stripes had been set. The seams ventured remarkable pockets like long cornucopias at an angle. Another model, made of warm tan, white and narrow green stripes—managed to have its front and back panels of vertical tendencies while the side gores met on the bias in V's.

Line embroidery of heavy silk thread, running in and out in short stitches gave interest to one of Marymont & Upright's new blouses of light green crepe. The thread of pale golden tan—formed a conventional design over much of the front—and at the same time gave point to a large collar of white. This collar, fashioned with many narrow pleats at the back, was arranged so that it might lie flat or stand.

Wide tucks running horizontally around the lower part of a blouse of dove-colored coral taffeta binding the square collar to a large collar of white. This collar, fashioned with many narrow pleats at the back, was arranged so that it might lie flat or stand.

Two white pearl buttons were fastened with tucks, which were likewise around a georgette blouse of tea-rose yellow—this time tucks of no more than one-half inch depth, and in groups on either side of the fronts, and much piqueting were features of this model.

Because Brenner's Furniture Store plans to move its goods and chattels to new and larger quarters this very week—there are but two more days for the thrifty householder to buy new furniture and such at little more than half or two-thirds of what he would have to pay elsewhere. The store is located at 1000 Broadway, and the opportunity that knocks but once and all that, of which you were told at school.

Among the sets that have been marked to half their natural and normal price is an eight piece dining group that is unusual because it combines mahogany with white carved enamel. The oval table, buffet with its curving front have tops of white enamel, and the chairs are of enameled and much carved white in a pattern of intricate simplicity. The chairs are upholstered in a light blue fabric, and the low and mahogany above, with seats of inset cane.

A long settee of mahogany frame upholstered in green plush and deep chairs to match also figure as part of the offering to the shopper of canny inclination.

Words fail to express the positive and frivolous charm of the latest lingerie. All that is alluring, diaphanous and flesh pink in color has been obliged to serve its purpose, and much blue ribbon is usually combined with it this spring. No matter how oriental and worldly an engaging feminine person is, outside beneath she is adorned with flesh colored creations tied up with blue, and decorated with French knots and bows. It is a pleasant thought that she takes to such artful simplicities.

Empire yokes are favored by most of the latest lingerie. They envelope chemises and robes de nuit. But as for trimming it ranges from pink polka dots embroidered all over such a chemise to the flowers of many colors embroidered in the Lazy Daisy stitch. Pastel shades are usual for the chemises, and the newest and most novel idea is the use of worsted embroidery in variegated shades of green, blue and yellow. This delightful decoration—startling after less conspicuous color schemes for suburban garments—appears on yokes of night dresses and the festive envelope chemise.

Oyster white khaki kool united with blue and white block checked silk of the same variety to compose an exceedingly original and smart blouse by Friedman's. The jacket—fundamentally of white and of simple lines—was relieved by a shawl collar of two-inch block checks of Copenhagen blue and white. The tips of the cuffs and of the pockets of envelope design as well as the belt were evolved from this same check cut so that it formed oblongs instead of squares. As for the skirt, it chose to be of the same block check of a size twice as large—and it was pleated all around in box pleats that cut each block to half its natural width.

The effect of these varying blocks folded in such oblongs was decidedly unusual.

The ties of man, according to Money Back Smith's, have arrived covered with all over Persia and with futuristic designs and even with buzzing bees for the spring outburst.

Most of these are of silk faille and of poplin—and they are very, very, very gay indeed unless they are of dark background with modest polka dots, or of green or of Copenhagen blue scattered over their surfaces. Blues, greens and yellows combine for certain patterns, orange, red and purple on other. Orange and magenta and pale green are not even startling in this lively assemblage. Observe, ardent shopper!

For charming little table, which was eight-legged, like the festive spider, every day as any shopper might observe on observing a skirt such as one at the Toggery that had been brazenly evolved from a large block of brilliant violet and pure orange. This was of a thick, fuzzy and yet lightweight fabric, while the majority of the other models were of smooth cloth.

Of the utterly attractive tables at Jackson's that the designers have so greatly considered one of narrow elegance is particularly noticeable. This mahogany piece, which decided to be more than two feet wide, had to be much longer than that—at least twice as long. At the ends were two sections, usually of enormous blocks of brilliant violet and pure orange. This was of a thick, fuzzy and yet lightweight fabric, while the majority of the other models were of smooth cloth.

Button holes have enlarged their sphere this season to do all manner of duty from their more humble activities to quite new services. On a soft dove jersey coat designed for a young girl, the ends of the collar slipped through such button holes as were considered as to be the hollow of the throat. The effect is both smart and novel. Otherwise this outfitting company was straight of line and much stitched with heavy white silk thread. The belt ends slipped through button holes in the belt in the same manner and buttoned on either side.

Another coat at the same establishment devised to have a short "sport" length of a magenta colored jersey with a collar of frank dark mustard color—a combination that would have never been possible a few seasons ago.

Embossed bits of terra cotta, peacock and green silk were responsible for the bizarre effect of a chateau crepe blouse of dove color. These tiny triangles and oblongs were not only scattered on the fronts of the blouse, but made their appearance in the large white satin shawl collar that ended in tassels below either shoulder.

Still more remarkable was a mustard colored model in which Paisley played an important part. The Paisley silk of indigo blue and rose color formed a shawl collar, the long cuffs and curious, cup-shaped pockets. The collar's cut was as it ended in three points—one in the center of the back and one on each shoulder—weighed down by a mass of small buttons. The cuffs and similar buttons of smaller size hung.

The hat department of Witthorne & Swan's on the second floor is undergoing the uttering of renovation but in the meanwhile new cheapness has been evolved in their workrooms that express spring in many colors and shapes. A tan duster of sand colored cotton crepe combined with millan straw of the same shade was novel for more than one reason. It was a combination of a band of straw but turned up at the outer edge in a roll of crepe. Around the flat crepe crown was a wide band of straw as narrow as soutache braid and on one side this crown was caught down with glitzy ornaments. The lower extremities of the crown were composed of the crown and brim of a mushroom sport hat that was faced with rose colored "chrysalis" straw and decorated around the top of the crown with a band of the same rose. An ornament of straw shaped like a rose, as it completes the ensemble.

Many grass hats form part of the exhibition, one of them starting with a rose colored crown and ending with wide turned down brim covered with many circles of stone gray ribbon. A

Beauty Doctor Tells Secret

Detroit Beauty Doctor Gives Simple
Recipe to Darken Gray Hair and
Make It Soft and Glossy.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair and make it soft and glossy."

Take a half-pint of water, add 1 oz. of bay rum, a small box of Barbo Compound and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is not sticky or greasy and does not rub off.—Advertisement.

GERMAN LABORERS WORK FOR PEACE

Reply to Gompers Advises All
Americans Not to Become
Tools of War-Baiters.

LONDON, Feb. 20.—The Vorwaerts (Berlin), says a Copenhagen despatch to the Exchange Telegraph Company, published the cablegram of Samuel Gompers, president of the American Federation of Labor, to President Legien of the German Federation of Trades Unions, and the reply of President Legien in behalf of the German workmen.

Gompers cabled: "Can you bring influence to bear on your government so that a breach with the United States may be avoided?" President Legien replied: "Since the war broke out the German laboring classes have worked for peace and they are against every extension of the war. Influence on our side on the government is only possible if America can persuade England to give up her war of starvation."

"Appeal to the American workmen not to permit themselves to become the tools of the war-baiters and not to contribute further to the spread of war by traveling through the blockaded zone. The international working classes must unswervingly work for immediate peace."

Dr. Ferdinand King says:
**EVERY WOMAN
EVERY MOTHER
EVERY DAUGHTER
NEEDS IRON**

AT TIMES
To put strength in her nerves and
color in her cheeks.

There is a beautiful, healthy, rosy-cheeked woman in every household without iron. The trouble is that the iron is not there. It has been taken out of the system by the action of the stomach. The stomach is the great organ of the body. It is the organ that takes the food and turns it into blood. If the stomach is weak, the blood is weak, and the body is weak. Dr. King's Iron is the best remedy for weak stomach and weak blood.

Dr. King, M.D.

Says Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy for
Constipation.

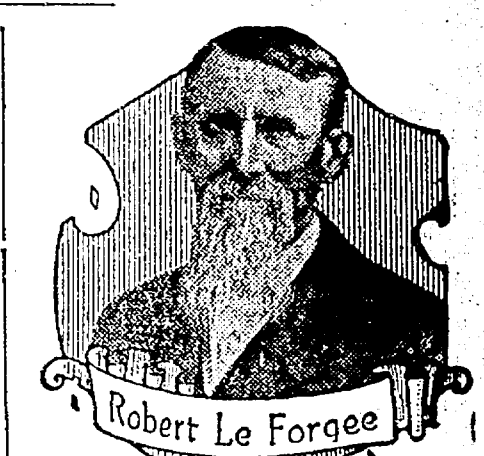

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without gripping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert Le Forsee, 318 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past eighteen years, and that by using it occasionally as the need arises, and in this way keeping his health good, it has prolonged his life and brought ease and comfort.

Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere, and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes, be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle free of charge can be obtained by writing to Dr. W. B. Caldwell, 111 Washington St., Monticello, Illinois.

THE SANITARY ALL-GAS KITCHEN

Picture to yourself this kitchen in operation—the Gas Water Heater in the basement, without any attention save the turn of a faucet, supplying you with unlimited, inexpensive, pure hot water. Unlimited because the water runs piping hot as long as the faucet remains open—the laundry and bath supplied at the same time. Inexpensive because it is self-operating and burns gas only while you are drawing hot water. Pure because the water is heated as it passes through the long copper heating coils direct from the water main.

Think of the Modern Gas Range, especially equipped for any mode of cooking, heat easily regulated to a "just-right" temperature, no dirt, no ashes, no excessive labor. You cook with comfort and convenience when you use: one of the new gas ranges.

The best demonstration of the merits of these "comfort makers" is to see them in operation at local showrooms, or a postal will bring you complete information by return mail.

ALLOW LANE TO GO; BOND IS ACCEPTED

Police Judge Permits Prisoner to Go After Charge Reduced in Court; Recommendations Are Made After Investigation

Lane was released late today on a \$20,000 bail bond signed by J. C. Rohan and wife. Rohan is a coal dealer.

Pending an investigation into the circumstances of the killing of Louis Nagle by Constable Morris Lane in Emeryville Sunday night on the part of Chief of Police Petersen and the district attorney's office, Police Judge Samuels this morning held in abeyance action in admitting the prisoner to bail. Judge Samuels stated that he will be ready at any time during the day to hear the recommendations in the matter and that he will then consider whether or not to fix bail. Lane has been formally charged with murder.

Deputy District Attorney A. A. Rogers, who appeared for the prosecution in the Police Court, stated that in his opinion the case is billable, but that he was not ready to join with the defense in asking the court to fix bail until the report of the further investigation by the police. The police were asked last night to step into the case.

Ordinarily the case would have been assigned to the Justice's Court of James G. Quinn, Justice of Oakland township. Lane was a constable acting under that court and Judge Quinn preferred to have the case heard elsewhere. It was then taken before Judge Samuels and Lane was remanded to the city prison instead of the county jail.

Many of the accused man's close friends were in the Police Court this morning ready to produce any amount of bail demanded for his appearance at the preliminary examination, which was set for next Friday.

The four men connected with the shooting indirectly and who drank with Nagle before his death at the hand of Lane were arraigned this morning in Judge James G. Quinn's court. They secured a continuance of their case until Friday. Marshal Ed Carey of Emeryville filed the complaint against them—that of disturbing the peace. Justice Elmer B. Johnson sat for Judge Quinn, who was unable to be present. The four men who will face the court Friday are: Peter Ratto, William Powell, Ralph Puckman and Harry Pollock.

When Lane was arrested and charged with murder by Hynes, the political machinery of the county received a decided shock. Morris Lane, who for the past twelve years has occupied the office of constable of Oakland township with Bert Hempstead, was appointed to this place through the urging of strong political influences from Emeryville and North Oakland.

He has long been a factor with Marshal Ed. Carey and Justice of the Peace James G. Quinn in the politics of the former race track municipality. The Martini saloon, owned by Mrs. Lane, has been a gathering place for Emeryville politicians for a number of years. It is highly probable that Lane will make a hard fight before a jury and that every phase of the case will be watched by a large following of political friends. It was at first thought that Sheriff Frank Barnett's release of Lane and the arrest of the four companions of the dead man, would serve to give Lane time to prove his innocence before a coroner's jury. However, the calculation was without Assistant District Attorney James Koford and his superior District Attorney Hynes, for after a forenoon of probing, Koford advised that Lane be charged with the crime. As a result no defense will be

Largest Wooden Vessel Ever Built on Coast Is Launched

MISS DOROTHY PILLSBURY, daughter of Captain A. F. Pillsbury, who was sponsor at the launching of the largest wooden sailing vessel built on the Pacific Coast at the Hanlon shipyards today. The vessel is Hull 76.

made before the coroner, but Attorney Lin Church will endeavor to develop as much testimony as possible there from the other witnesses to exonerate Lane before a jury in the superior court.

Steamships Blow Salute As Giant the "Wind-Jammer" Takes First Plunge

Sailing ships came into their own again and took precedent of their steam-driven rivals for a day in Oakland estuary, with the launching this morning from the Hanlon Drydock and Shipbuilding Company's yards of Hull No. 76, the largest wooden sailing vessel built on the Pacific Coast. As though in a spirit of comradeship and well-wishing for the new craft, hemmed in as she was by steam craft, the huge sailing ship, Star of Greenland, of the Alaska Packers' Association, sailed leisurely down the estuary just before the launching and joined in the triumphant siren and whistle blowing as Hull No. 76 slid down the ways.

The carrying of only a number instead of a name by the big vessel was significant in more ways than one. Dan J. Hanlon, president of the Hanlon company and builder of the vessel, gave her that number because she is the seventy-sixth vessel of which he has superintended the construction. Although the ship was sold by the Western Fuel Company to a Norwegian firm, she was launched without a name and flying the American flag. Hanlon explained this, saying that he wished to avoid possible complications in view of a new law which

JOY MUST BE REFINED AT CLUB DANCE

Otherwise Utopian Club Cannot Give Balls in School in the Future; Harry Boyle Will Be Censor of Terpsichore

Joy may not reign unconfined and the terpsichorean strains at the Utopian Club ball in the Emerson school at Forty-seventh street and Shafter avenue, tonight may be restrained to the staid waltz and two-step; there will be no "close dancing," the committee of the Technical high school students having the affair in charge having made that promise to the members of the board of education.

For the board's part it is considering revoking the privilege of the Utopian Club in the future. Tonight's dance will demonstrate one way or another the action to be taken by the board. Director Harry L. Boyle was named last evening by President Annie F. Brown a committee of one to censor the students' ball.

Protest from the Emerson School Mothers' Club was made that the dances might be a bad thing for the young students, keeping them up late nights and diverting their minds from books toward a more jolly form of amusement.

For their part the students have expressed a complete willingness to abide with all rules of decorum in the conduct of the Utopian Club events.

REPRIMANDED COUPLE.
"We were so particular at the last dance," wrote the committee, "that when one of the couples were found straggling outside the building they were politely reprimanded; it will not occur again."

The members of the board reversed themselves last evening when they voted to close the schools next Thursday in commemoration of Washington's birthday. Last week the resolution to close was voted down, it being decided that the pupils would be dismissed at 2:30 for the remainder of the day. The flag drill exercises under the auspices of the school department will be held in the Municipal Auditorium during the afternoon.

Superintendent A. C. Barker has been granted a two months' leave of absence from the department. He will leave next week to attend the convention of school superintendents to be held in Kansas City. Before returning to Oakland he will visit the school departments of other eastern and middle west cities to gather ideas

VALLEJO HEARS TRIBUNE 'SCOOP'

First Reports on Naval Board Findings Come Through Newspaper.

The following commendation of The TRIBUNE is from the Vallejo News, which, under the title, "Gains New Laurels," says:

"The Oakland TRIBUNE added to the laurels which it enjoys for being the best metropolitan newspaper on the Pacific coast by publishing the official recommendations of the Naval Base Commission. The TRIBUNE being the first paper to secure a copy of the report which has met with the approval of President Woodrow Wilson and Secretary of the Navy Josephus Daniels. Through the News-TRIBUNE combination readers of the Evening News were enabled yesterday to read the exact language of the report and recommendations which mean so much for Mare Island navy yard, submarine base, the only real news service in Vallejo getting exclusive information on the naval base report, no other paper having it. This is only one of many instances in which The Oakland TRIBUNE has beat the other big papers on important matters and is the reason for the popularity of the great Alameda county newspaper."

What Is Going TONIGHT

Civil Service Board meets, City Hall, evening.
Merchants' Exchange meets.
Professor George D. Louderback lectures, Claremont School.
Elks' drill team ball, Hotel Oakland.
Hayward Council, K. of C., celebrate Washington's birthday.
Temperance workers give prohibition banquet, Corinthian Hall.
Alameda County Society for the Prevention of Tuberculosis gives dinner, Hotel Oakland.
Attitude Central Improvement Club meets, Mutual Hall.
Oakland Lodge, B'nai B'rith, holds smoker.
Upton—George Nash and vaudeville.
Pantages—Gruber's Animals.
Columbia—Will King in "Twin Beds."
Rialto—"The Blue Envelope."
T. & D.—Sessue Hayakawa in "Each to His Kind."
Theater—"The Crisis."
Franklin—"The Crab."
Piedmont Baths—Ocean water swimming.

What Is Going TOMORROW

Art exhibit, Auditorium.
Mrs. Wallace W. Briggs and Miss Olive Reed give concert, Intermediate High School No. 1, afternoon.
Regarding new school methods and school building construction.
A communication was received by the board from the Central Labor Council protesting the removal of Superintendent Barker. The committee held that "controversy at this time would be fatal to the proposed school plan."
"Superintendent Barker," the letter continued, "has brought the Oakland school department to a state of usefulness never before known. His course has been beneficial to the best interests of the schools."
The communication was placed on file.

GIRL HEARD BEFORE JURY UPON VICE

Prisoner at Detention Home Is Taken Before Inquirers to Tell of Night Life; Big Probe Into Police Is Nearing Finish

The grand jury this morning called to the witness stand Adele Barker, a ward at the juvenile detention home, who was summoned to testify to certain features of the night life in Oakland cafes. Mrs. Barker is but 20 years of age, and is separated from her husband, taking up her residence in a local rooming house with a girl friend. She was taken into custody by the probation officers on the request of her father, a letter carrier. She was escorted to the grand jury room by Miss Theresa Rich, deputy probation officer.
Chief Elliott Whitehead of the fire department and Police Officer E. Hall were also in attendance, but no hint of their testimony was offered. District Attorney Hynes and Deputy Mayor Harris estimate that this week will finish the probe, and that a report will be filed with the superior court covering much of what has been testified to.
The continued close supervision of the grand jury room has been rigidly continued by Foreman Jean Polier.

TAFT & PENNOYER COMPANY

NEW ARRIVALS IN

Wash Fabrics

FRESHEN AN ALREADY IMMENSE STOCK

Thousands upon thousands of plain and fancy weaves from domestic and foreign manufacturers, embracing a multitude of really exclusive patterns and combinations, are priced conservatively and within a range calculated to appeal to the popular purse.

Smart styles in sheer voiles, 40 inches wide, large dots on tinted grounds, are priced at 75¢ the yard.

Domestic Pongee, 36 inches wide, designs taken from very expensive fabrics, are also priced at 75¢ the yard.

Voiles in innovation patterns, 40 inches wide, hundreds of pieces from which to select, are priced at 50¢ and 65¢ the yard.

Sport fabrics, printed and woven on linen and gabardine-finished suitings, blocks, broken stripes and block effects with solid shades to match, 36 inches wide, are priced at 80¢ to 90¢ the yard.

Kindergarten cloth for children's wash suits in an excellent range of patterns, stripes, checks and solids, 30 inches wide, are priced at 30¢ the yard.

Zephyr ginghams, 27 inches wide, in plaids, checks, stripes and solids, absolute warranted fast colors, are priced at 15¢ the yard.
Wash Goods Section—First Floor.

JUVENILE SECTION

Spring Coats and Dresses

Our Spring showing is most complete. Pretty new styles, Norfolk belted, flare backed and high in the waist line are shown in novelty colored velours, staple serges, etc.

Rose, Shadow Lawn green, Copenhagen and appropriate sport colorings are shown in these new models, priced at \$6.75 to \$17.50.

PARTY DRESSES of voile and crepe, hand-embroidered and smoked, are to be had in dainty shades, priced from \$8.50 upward.

Children's Section—Second Floor.

Stylish New Trimmings

A large collection of motifs in imported bead effects, silk and spangles, adaptable to suit trimming and millinery, are priced from 50¢ to \$3.50 each.

Sport colors are to be had in tassels, drop ornaments, bead fringes, etc., in the latest Parisian ideas, priced from 50¢ to \$5.00.

Spring flouncings in widths from 10 inches to one yard, bead and metal decorated, are offered in the newest shadings, priced from 75¢ to \$10.00 the yard.

Hand-made silk flower ornaments are extremely stylish. They are used for dress ornaments and lingerie purposes. We show them from the very tiniest to large corsage effects. Priced from 50¢ the dozen to \$3.50 each.

Trimming Section—First Floor.

FLAGS!!! FLAGS!!!

FOR WASHINGTON'S BIRTHDAY

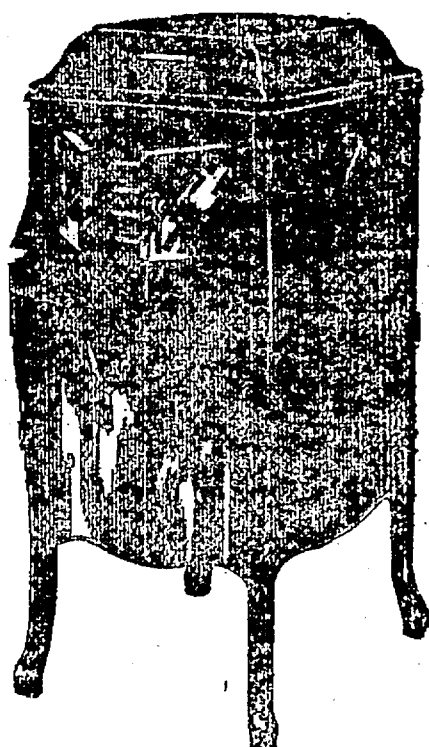

In one of our principal windows we have made a display of high-quality American flags suitable for this patriotic occasion. It will be of interest to the people of the city to know that in this window is exhibited an authentic copy of the Ulster County Gazette of January 1860, containing a full account of the funeral of General George Washington, order of march, etc.

Fast color printed cotton flags—
Sized 8 by 16 feet, priced at.....\$3.50
Sized 10 by 20 feet, priced at.....\$5.75
U. S. standard wool bunting flags—
Sized 2 by 4 feet, at.....\$2.00
Sized 3 by 5 feet.....\$2.50
Sized 4 by 6 feet.....\$3.75
Sized 5 by 8 feet.....\$5.50
Sized 9 by 16 feet.....\$12.50
Sized 12 by 18 feet.....\$17.50

Drapery Section—Third Floor.

The Gift Section

This section caused so much favorable criticism during the holidays that we have attempted to make it a permanent feature of our establishment. In it may be found the newest and most up-to-date articles from all over the store, which in our opinion would be calculated to make suitable gifts for all ages and both sexes. Time is the main saving of the section. A large field for selection is offered with a minimum of effort on the part of the purchaser.
Gift Section—Located in Millinery Section—Second Floor.

FANDOM BOOSTS
FOR MATHEWSON

Baseball World Wants to See
Matty Make Good at
New Job.

(By JACK VEIOCK,
International News Sports Editor.)
NEW YORK, Feb. 20.—If the well
wishes of fandom count for anything
Christy Mathewson should start the sea-
son of 1917 at Cincinnati with the cards
stacked in his favor.
Idolized for years by baseball fans all
over the country, from the smallest arch-
bishop to the busiest of business men, Christy
Mathewson stepped down and out as a
National League pitcher and then leaped
into the band wagon with the managers
while fandom rooted for him. The base-
ball fans want to see Matty make good
and they want to see his fortunes at Cin-
cinnati with genuine interest.
Last fall, when Mathewson took the
reins at Cincinnati, he injected new spirit
into the Reds. He took hold of a team
that was playing indifferent baseball—a
team that was following in the footsteps
of Cincinnati teams of former years. But
Matty's presence on the bench as man-
ager instilled new life into those much-
abused Red Stockings, and they got out
on the green sward and tried their best
to win for him.
But Mathewson has not been thorough-
ly tried out as a pilot. His experience
last season only served to give him an
insight into what he has to work with.
The real test will come with the opening
of the playing season this year. Will
Matty succeed in making good, as some
other great ball players have done? Or
will he prove a failure as a manager?
KNOWS MCGRAW STYLE.
During the years that Matty played
with the Giants—the years in which he
was classed by baseball men and writers
throughout the country as McGraw's right
hand bower—he had the opportunity to
learn all that McGraw can teach to any
player about the art of basing a ball
club. Matty was often given a share of
the credit for successes scored by the
Giants. Did he deserve this credit?
The course of the fact that the Giants
of the past few years have been a much
better looking ball club than Cincinnati
has had may be pointed to as one of the
reasons for their successes, and for Mat-
ty's share in them. But Matty personally
believes that he is a good club at Cin-
cinnati and that he will be able to spring
some big surprises with his Redville team
this year.
The Reds, in so far as can be learned,
expect little or no trouble from anything
the Baseball Players' Fraternity may do
in regard to a strike. Fact is, the Reds
have already announced the names of the
players who are to go to the training
camp, and the list includes a lot of the vet-
erans.
SEEKS A FEW TRADES.
Up to the time the season opens Mat-
thewson will keep his eyes open for
several trades. He is after a right-handed
outfielder and a left-handed pitcher who
he can secure two such players who are
capable of holding their own in the Na-
tional League he will be satisfied with
his prospects and the chances of the Reds
to slip one over.
In Emil Huhn, his youngest catcher,
Matty believes he has a player of great
value. Huhn did not look like a
world-beater last summer, and often
was caught napping while other clubs ran
the bases on him. But Matty likes his
looks and believes in him. Another play-
er who may be a prize horse for the
Cincinnati payroll is Eddie Russell,
the young outfielder who went to the Reds
last season from the Athletics. Russell is
one of the speediest players in the Na-
tional League. He has natural batting
talent and with a regular berth, which
will give him time to develop, he can
do, he should give the best fielders
in Governor Tener's circuit a run for
their money.
In Chase, Groh, McKechnie, Kopf, Ed-
mond, Louder and Hobbs, Mathewson has
a nifty long line of fielders and if he
gets one more good pitcher and the
outfielder he is after he will wear watch-
dogs.
Regardless of what the Reds accomplish
this year, Mathewson will start the Na-
tional League season with fandom boost-
ing for him, and if he is permitted to do
as he sees fit he may give the Cincinnati
fans the first all-season winner they have
had in many years.

George Heintz, local business man and
dog fancier, is rearing quite a few spuds
amongst the kennel club shows these
days.
The Oaklander journeyed to Sacramen-
to Sunday, taking his three blue ribbon
pups along and he returned home with
all the honors.
Heintz' Oakland Beauty won the
Membership Stake, beating Big Ben,
owned by A. H. Flickinger of Stockton,
and fourteen other animals.
The Champion Stake was won by Oak-
land Girl and Oakland Beau, both of the
Heintz kennel. The two tied for first
place, with the best dogs in the state
competing. Among the lot were Napa
and Nevada, both of which were defeated
by Oakland Girl and Jean Long and Sun-
Pablo, which were defeated by Oakland
Beau.
The show was held at Elliott's Ranch,
Sacramento, and was staged by the Cal-
ifornia Coursing Club.
Another show is scheduled for St. Pat-
rick's Day.

LOWELL TO MEET VALLEJO.
SAN FRANCISCO, Feb. 20.—The track
team of Lowell high school will go to
Vallejo tomorrow to meet the local team
high in a dual track and field meet.

Billy Alveris and Pete Nolan, fighter
and manager, left for Los Angeles last
night. Billy meets Jake Stahl in the
main event at Vernon tonight. The fight
will be for a bit, as Alveris is
slated for an appearance with Battling
Viola at Emeryville in one of the many
classy "presents."

Nevada Quintet
Is Due Tomorrow

The University of Nevada basket-
ball team, conceded the dark-
horse of the 1917 intercollegiate
league race, will arrive in San Jose
from Reno tomorrow to meet the
College of Pacific team at the
Garden City.

On the next evening the most
important game of the season will be
played, with Nevada tackling Santa Clara. If they
win, the Intercollegiate League title
will be assured them. On the
other hand if Santa Clara runs true
to form and wins, Nevada will be
forced to meet the St. Mary's
team at Emeryville in one of the many
classy "presents."

Friday night Nevada plays Stan-
ford, while on Saturday they take
on St. Ignace. Four lined games
are scheduled for them in as many
nights.

The team making the trip for
Nevada is made up of the follow-
ing: McCubbin (captain), Macken-
zie, forwards; Blumstein, center;
Tom, Brown, guards; Lipe, Baker,
Frost and Jones, substitutes. W.
Malarkey is in charge of the team,
while Cy Ross is coming along as
coach.

Jimmie the Fish Triumphs
"Butch" Loses; Beef Goes Up

HERE ARE THE VICTOR AND VANQUISHED IN LAST NIGHT'S
GASTRONOMICAL BOWLING MATCH. "JIMMIE THE FISH"
LAGORIA, THE WINNER, IS FACING THE CAMERA. THE OTHER
WENT DOWN TO DEFEAT.

"Beata da Butch! Eef you don't beeta
da Butch, you lose da mon. Please, you
Feesh, beeta da Butch."
The men bowled eight matches and at
the conclusion Jimmie the Fish had 113
more pins to his credit than Butch. Lat-
tely Italy today is in closer while Butch-
eaten is bankrupt. They are almost
giving the fish away, but the price of
meat is due for a boost.
Here are the figures:
Lacoria—99, 158, 145, 128, 150, 120,
129, 145, 112, 112, 112, 1095
Schmidt—115, 106, 118, 122, 172,
141, 112..... 952
Lacoria's majority..... 113
Eddie Palmer meets Mexican Kid Car-
ter, Joe Parelli's officer, in the training
card, Friday night. It will be boxer vs.
slugger.

Mac, while Schmidt was backed by
a dozen beefy individuals equipped with
sixty horse power lungs.

MUSN'T OVERLOOK
SALT LAKE CLUB

Bernhard's Bees on Paper Fig-
ure to Give Others Tough
Tussle.

(By "BILLY FITZ.")

Coast League scribes are making a
big mistake in overlooking Bill Bern-
hard's Salt Lake Bees in the spring
reckoning. Little attention has been
given to the Utah swarm, and yet the
club on paper warrants a whole lot of
respect. If Bernhard succeeds in induc-
ing all his men to report, Salt Lake will
start the season with a ball club that is
likely to prove one they will have to
beat.

The gap at second base has been
plugged, the infield well strength-
ened, and the loss of Filley and Piercey
has been offset by the addition of three
seasoned men in Debie of Detroit, Kir-
meyer and Lavrenz of St. Louis, Hoff
and Rule Evans, two left handers, add
further strength and there are several
others, including Stanley Dougan of Oak-
land.

Hannah enjoyed a fine year behind the
bat with Salt Lake last year and will
again be the first string man, with
young Sheeley, who joined the club last
fall, helping out.

Bunny Brier was the most valuable
first baseman in the league last year, as
well as the Coast's home run hero. He
figures to again serve as the Bees' clean-
up hitter.

Second base was the weak spot on the
Salt Lake Club all last season, and in-
ferior work at this station threw Billy
Orr out of his stride and made him look
bad at short. Karl Crandall, brother of
the former Oakland hurler, Otis Cran-
dall, has been secured from Indianapolis.
Judging from his record in that league,
and from what players who have seen
him in action have to say, Crandall is
not a flashy performer, but is a good,
reliable fielder and should hit about .275
in this league.

RATH AT THIRD AGAIN.
Morris Rath appears to have settled
his difficulties with Salt Lake by ac-
cepting a two-year contract at a moder-
ate figure, and he will cover the diffi-
cult corner. He is a former St. Louis
player, former St. Mary's boy, and a player
named Kearns, will fight it out for the
utility job.

In the outfield, Buddy Ryan is assured
of his left field job, Tommy Quinlan will
again cut fancy figures in center, and
Tobin, secured from the St. Louis Ameri-
cans, has been bought for the purpose
of covering right field where Jimmy
Shinn was a weak sister last year, and
Johnny Kane and Dick Bayless likewise
fell down.

Tobin made an excellent record in the
Federal League and was hailed as a
"corner" only two seasons ago. The
Browns have only staked him out on op-
tion.

So taking them from end and aft and
down, the Bees seem a well-balanced
club. There are still several
contract disputes and it may be that
Bernhard will not be able to satisfy some
of his pitchers, but the probability is
that they will all report sooner or later.

With Jack Cook in charge of the busi-
ness end of the club it is not likely that
there will be any more such disputes as
that which led to the retirement of Cliff
Blankenship last year, and which took
a lot of pep out of the Bees. President
Murphy has many business interests and
is only too anxious to turn the financial
end of the club over to Cook, who is
thoroughly capable of conducting affairs
smoothly.

Business Manager O'Connor, who was
in charge last year, got himself in wrong
with the Salt Lake scribes as well as the
players and caused unpleasant feeling in
several camps on the circuit. Cook has
been in politics long enough to know how
to make friends and to keep them.

Oakland fans will be pulling for Bern-
hard to make good, as he is a gentle-
manly chap and a conscientious worker.
Fifteen years ago, Bernhard was a
mighty fine pitcher for Cleveland. The
first year he went to Memphis in the
Southern League to manage the club
he brought it home a pennant winner,
but that was about all the success he
ever had as a manager. The sole com-
plaint that has ever made itself heard
in connection with Bernhard is that
he has been "too good a fellow,"
that is, he was not enough of a disci-
pline.

TOMMY BURNS TO
CHALLENGE WINNER

Seattle Heavy-weight in Tele-
gram to Simpson Talks
of "Come-back."

Tommy Burns, once the king of Ameri-
can heavyweights, now an "exhibition
fighter" wants to meet the winner of
the Norton-Meehan match Thursday at
Emeryville. Burns wired from Seattle
last night as follows:
"Tommy Simpson, Oakland, Calif.: Am
contemplating a come back and think
that I can beat either Meehan or Norton.
Send where you are sending big shows
and where you want you to ever no
as a future opponent. I intend to chal-
lenge the winner by wire at the ring-
side."

Burns fought in Tacoma the other
night, beating a man-mountain named
Arthur Miller. The latter weighed 225
pounds. Burns was so tickled with his
success that he felt once more the lure
of the ring.

OREGON AGGIES ON CAMPUS

Northern Hoopers Bring Formidable Array of Basketball Talent.

BERKELEY, Feb. 20.—The Oregon Aggies crack basketball team is on deck ready for the games tonight and tomorrow night against the California team, which will be the first of the California Conference. Both of the colleges are represented by easily the best players in the West, and the games are expected that the two final games will be vigorously fought every inch of the way.

California's practice is the intercollegiate game as played by the Oregon and Washington institutions is expected to be a good one. The Oregon team, which is coached by Coach Cherrington has been expected to be the best of the West, and the Aggies are expected to be on an offensive play, however, as the Aggies have a reputation for being the strongest defense on the coast.

The group which arrived last night from the North contains a strong aggregation of players. In the number are Addie Shertis, veteran of the squad; Blager, Mix, Bessett, Walter Phillips, Friedman, Howard Ray, Newman and others. Captain May accompanied the team. This morning he figures his probable initial line-up to be as follows:

Forwards, Shertis and Phillips; center, Blager; guards, Ray and Lowe.

The Oregon team is a heavily built start the game thus: Forwards, Shertis and Phillips; center, Blager; guards, Ray and Lowe.

Games tonight and tomorrow night will both be called at 8 o'clock.

Scrap

DENVER, Colo., Feb. 20.—Kirk of San Francisco won the decision over Joe Wop Flynn in a heavily fought ten round bout. Kirk's drivers to the body had the wop in a bad way several times.

SALT LAKE CITY.—Benny Chavez of Nevada was again knocked out in the first round, this time by Young Azevedo of San Francisco.

NEW YORK.—Miburn Saylor lost a popular decision to Joe Welling in ten rounds.

NEW YORK.—Dutch Brandt, New York bantam, defeated Benny McCoy of Baltimore in ten rounds. Jamaica Kid outpointed Vel Santos in ten rounds. Johnny Salvatore defeated Young Glover in ten rounds.

YOUNGSTOWN, O.—George Chip put on a sensational evening here last night when he whipped George (Kavo) Brown. The bell in the twelfth saved the Greek.

HOT SPRINGS, Ark.—By slowing up in the last three rounds, Joe O'Neil, Cleveland, Ohio, lost a chance to win the Jimmy McKinney of Memphis. The verdict was a draw in ten rounds.

Lee Johnson left for Portland yesterday. Lee has matches with Eddie Camp and Muff Bronson lined up for him and may meet Oakland Jimmy Duffy.

There will be a big wrestling match held off in Chicago Thursday afternoon. Jess Westward, who met Santell here, has been scheduled to tackle Zyzak. Strangler Lewis is on the card.

Willie Ritchie, with his new pinch-back overcoat and all dressed up in a field the capital city of Illinois, won a boxing bill is up before the legislature. Willie being championed by Leonard Hicks, Chicago promoter and theatrical man.

Sailor Eddie McLarny, hard hitting lightweight has been transferred from the navy yard to Vallejo and will seek matches in this vicinity.

The new Palm Athletic club will hold a boxing card Thursday evening at Vallejo with Tommy Driscoll and Battling Salmon as main events.

Catcher Henry May Join National League

Rumors are being spread among major league fraternity members wintering here that John Henry, catcher of the Washington American League Club, who has been read out of the league by Ban Johnson because of his activity in fraternity circles, expects to join a National League club soon.

Henry is the chap who started all the trouble with the "fat," the O. B. chiefs, and Ban Johnson expects to punish him for this by banning him from the league.

But with the dearth of good catchers in the major leagues, the National League, it is believed that Henry will catch on with an N. L. club, where Ban Johnson's power is not so great.

The Cubs are after Henry's services, inasmuch as Jimmy Edwards is apparently through as first-string backstopper.

Scottish Bowlers Elect New Officers

At the annual meeting of the Scottish Bowling club, held at the Hotel Oakland, the following officers were elected:

President, Peter Macdonald; vice-president, James McKenna. Green committee, the officers with John Orichson and Robert Johnston added.

Teams were then selected by the president and vice-president for the opening season, which resulted in a win for the vice-president by two points. The opening game was the star player of the afternoon, his drawing and running shots being the most perfect.

The present form he will be a valuable player to the Lakeside Bowling club of which he is also a member.

Circus Would Sign Grover Alexander

CHICAGO, Feb. 20.—Bill Pickens has made Grover Alexander an offer which ought to help him along in the \$15,000 salary he wants, regardless of whether he accepts it.

Pickens has devised a scheme whereby a circus he represents is to retain Alexander at \$1000 a week for thirty-five weeks and then to let him go to the circus. He will do a freak baseball stunt inside the tent and later will exhibit his prowess by defending the circus' offer to give \$50 to anyone who can make a base hit off him. Pickens has devised an arrangement of nets supposed to indicate territory marking a base hit.

The offer was wired to Alexander, but no reply has been received so far.

Dual Regatta Plan Is Made by Colleges

NEW YORK, Feb. 20.—The crew authorities of Cornell and Yale have agreed on a dual regatta to be rowed at New Haven, Saturday, May 19. It is understood that the distance will be about two miles and will be rowed on the river, near Derby. In addition to this race, Cornell will meet Princeton at Cayuga lake, May 25, and also compete in the intercollegiate regatta at Poughkeepsie on June 21.

MOTORCYCLE RUN THURSDAY.
VALLEJO, Feb. 19.—The Vallejo Motorcycle club has scheduled a 270-mile endurance run for Thursday. The run is to be followed in from Vallejo to Dixon, thence to Napa, Geyserville, Petaluma and back to Vallejo. The run will be a professional entered to date are: Sanderford, Wright, J. C. Kreglo, Alukos, Sanderford and Corrie. The winners are Hanson, R. L. Kroger, Sullivan and Reed.

ADDITIONAL SPORTS

Santel and Stecher Seeking a Referee

SAN FRANCISCO, Feb. 20.—Ad Santel and Joe Stecher will select today a referee to officiate at their wrestling match here Thursday afternoon. Santel has accepted Charles Andrews, wrestling instructor at the University of California, and if selected, Stecher's manager is undecided. Stecher will conclude his training today.

The question of a referee is regarded by fans as of the utmost importance if the match is to be a good one. Santel is expected to be the victor in the match, but he was swayed by home town enthusiasm.

At Williams of the Olympic Club could fill the bill but Promoter Schuler has a personal grievance against him. Cornelius, Charles, Stecher's manager, is expected to be on the defensive, but he would obstruct the view of the spectators.

There are other men in Oakland who could officiate with satisfaction to all: Al Levene, Gene Van Court and Charley Andrews.

Levene is the most known of the trio. Al has refereed all the big matches of the former years in Oakland. He was wrestling instructor at St. Mary's College for two seasons; was a shift crapper him for anything, Mackey (ironworker) could show not a moment's hesitation in selecting Al. Santel, it is said, is in favor of him.

Van Court, brother of the famous De Van Court, now boxing instructor of the University of California, was formerly of the Olympic Club, knows the mat game from all its angles and has a reputation as a wrestling expert.

Andrews' mention as a wrestling expert in the position he holds at the University of California; that of wrestling instructor.

East-West Tennis Matches Are Planned

LOS ANGELES, Feb. 20.—Plans have been completed to hold the East-West tennis matches here March 7, 8 and 9, on specially constructed asphalt court on Boyard Field at St. Mary's College. Southern California, Simpson Sinsbaugh, representative of the Southern California Lawn Tennis association, announced last night.

The personnel of the Western team has not been decided. Sinsbaugh stated, but it probably will include William M. Johnston, Lawrence J. Griffin and John R. Strachan of San Francisco; Charles E. McLoughlin, Thomas C. Bundy and Claude A. Wayne of Los Angeles.

Frederick B. Johnson, William S. Prentice and Theodore Roosevelt Peil of New York; Conrad R. Doyle, Washington, D. C.; and Harold Chrochmon, Elizabeth, N. J., will represent the East.

A round robin for women players, including Misses Molla Bjurstedt, Christina, Norway, and Mary Browne, Los Angeles, and Mrs. May Sutton Bundy, Los Angeles, will be held in connection with the matches.

Former Champion to Clash With Present

LOS ANGELES, Feb. 20.—Mrs. May Sutton Bundy will play out her old stunts an exhibition match during the East-West tennis matches here March 7, 8 and 9. All the matches will be played on a special removable court at the University of Southern California, instead of on the permanent courts at Long Beach, as first intended.

Carl Zamloch to Report a Week Late

Carl Zamloch has signed his contract with the Oakland club but will not be coming to camp at Foxe Springs, in fact, the University of California coach will stick with the Blue and Gold team until April 10, which means he will not report to Oakland until after the Oaks return from their first week's series against Los Angeles in the South.

This means that Howard is leaving on Mal Barry to cover first base regularly.

A. C. A. L. Title Game Postponed a Week

Alameda county high school basketball followers will have to wait until a week later, Thursday, to see the 121 county title decided. The fact that next Thursday is a holiday and the Auditorium will be occupied by the basketball finals, has caused the postponement.

Berkeley and Tech meet in the Auditorium today. Both teams are evenly matched and a hard game should ensue.

Famous Pacing Horse Dies; Sire of Champion

GOSHEN, N. Y., Feb. 20.—Joe Patterson, sire of the world's champion, Dan Patch, 1:56, and many other noted horses, died yesterday at Joseph F. McLean's Midfield farm.

The horse, which was foaled in 1899 in Peabody, Kansas, had a career on the turf that was one of the most remarkable in the annals of harness racing.

LOST TO F. RIVALS.
The Standard Oil team of Oakland was defeated by the San Francisco brothers in a full-length race at the end of the season, the edge on McGarry in the pitching end, striking out 17 and pitching nine balls into the fire.

McGarry gave his team a one-run lead, which they held until the end of the game in a deciding game in two weeks. The score:

SAN FRANCISCO. OAKLAND.
Caga, c. 0
Larkin, c. 0
Vehary, c. 0
Tully, c. 0
Carson, c. 0
Nash, c. 0
Regis, c. 0
Albright, c. 0
Hove, c. 0
Totals 0

GARFIELD THE WINNER.
The Garfield playground basketball team defeated the Cotton Mills team at the cotton mills, by a score of 18 to 4. Features of the game were shooting of Carman and De Martini for Garfield and the playing of King for Cotton Mills.

The lineup—De Martini, McCoud, forwards; Carman, center; Gerdas, Pinks, guards.

Cotton Mills—King, Fitzgerald, forwards; Manuel Frank, center; Goveas, Joseph, guards.

The game was refereed by De Martini. A. Carman, 4 King, 1 Fitzgerald, 1. Scored by Garfield 4 out of 6, Cotton Mills 0 out of 6 tries. Feterese, Flobbers.

MIDGETS 45, SACRED HEARTS 22.
The 45-minute game of the afternoon went to the Midgets by the score of 45 to 22. Sacred Heart led in the first half by the score of 17 to 14. The great team work and superb passing of the Midgets was too much for the visitors. The lineup for the game yesterday was:

Midgets—Frank, Cassidy, forwards; McNamara, Rafferty, centers; Young, Duffy, Corby, guards.

Sacred Heart—Murphy, Harris, forwards; McAllister, center; Benkin, Becker, guards.

ACADEMY WINS AND LOSES.
The S. J. A. Eagles, eighty-five-pounders, won the season's first defeat of the season at the hands of the Sacred Heart college eighty-five pound team in a game of the local courts. The final score was 37 to 22. A first half score was 14 to 9 in favor of the visitors. The lineup:

Sacred Heart—Welsh, Ryan, forwards; Jones, center; Treacy, Cooper, guards; San Jose Eagles—Simon, Prendeville, forwards; Hanes, center; Kemper, Conlon, Pitzer, guards.

HARWOOD TO QUIT GAME.
Hal Harwood, young Oakland catcher, will probably forsake baseball for the insurance business. Derham, one of his friends, stated today.

Cubs Leave Chicago on De Luxe Special

CHICAGO, Feb. 20.—The Cubs, twenty-eight strong, will ride the de luxe special tonight for Pasadena, all starting on the most pretentious train ever undertaken by a Chicago team.

Conferences yesterday succeeded in landing signed contracts with all but one hold-out, Jimmy Archer, veteran catcher, refused the terms offered by Weegh. But it is believed he will sign today. Big Jim Vaughn, who signed, has wired he will board the special at Kansas City. Weeghman, his family, William Weeghman and family, and other stockholders, will ride the special.

The Cubs are due to arrive at the rendezvous Sunday, visiting various historic places en route. Thursday they will see Santa Fe Friday the party will "do" a Canyon.

Seventy exhibition games are scheduled.

Bowlers Are Offered \$1500 Prize Money

SAN JOSE, Feb. 20.—Approximately \$1500 in prize money will be divided among the winners of the three big events on the program of the Pacific Coast bowling congress, which opens on the Forman alleys in this city tonight with crack teams and individual players from all parts of the State in attendance. The northwest did not send the expected contingent.

San Jose will back a candidate for president of the Coast association this year. The candidate is to put him in the office will offer to make a contribution with either San Francisco or Los Angeles. The present indications San Jose will vote for a candidate for 1918 convention city and for a Los Angeles candidate for vice-president. Frederick B. Bush of San Jose will be supported for re-election as secretary. An Oakland treasurer will be advocated.

San Jose Marksmen to Enter Shoot Here

SAN JOSE, Feb. 20.—It was announced here today that George H. Anderson, Hall McLachlan, C. H. Cash, A. F. Baumgartner and O. R. Ford would represent the San Jose Marksmen Club in the opening shoot of the Golden Gate Gun club, Washington's birthday.

A remarkable shooting was seen at the local trap Sunday when the club of San Francisco and Mrs. Hall McLachlan got into action. Using her husband's trap gun, Mrs. McLachlan broke forty out of fifty targets.

Reed, shooting a hundred bird event, broke the last sixty targets in the series. This gives him the first American amateur trap shooter's medal won this season west of the Sierras.

"Fing" Bodie Given a Scare by Mack

SAN FRANCISCO, Feb. 20.—Ping Bodie received a decided shock today when a letter came from Connie Mack, manager of the Philadelphia Athletics, stating that he had been offered a contract with a Coast league club for Ping's services. Bodie, who had been holding out against signing a contract with the Athletics calling for \$3000 a year, having demanded \$4000, will probably sign at the former figure with great alacrity.

DEVIL TO TRY IT AGAIN.
NORFOLK, Va., Feb. 20.—Arthur Devlin, former third baseman of the New York National league team, has been named manager of the Norfolk Virginia league team, the selection being made by a number of candidates. This will not be Devlin's first effort at managing a team. He for a time managed the Oakland Coast league team several years ago.

EX-CHIEF LEADS MARKSMEN. SAN JOSE, Feb. 20.—Former Chief of Police Thomas W. Carroll led the field in a shoot on the range of the San Jose rifle and pistol club range. Cold weather and an erratic wind cut down the scores considerably.

Medal winners—T. W. Carroll 418, Murray 382, McChyan 369, Gross 325.

SALT LAKE CITY, Feb. 20.—Young Azevedo of San Francisco knocked out Benny Chavez of Trinidad, Colorado, here last night in the first round of their scheduled six round bout.

Primary Election Is Held in Seattle

SEATTLE, Wash., Feb. 20.—A primary election is being held in Seattle today to elect six candidates for the office of councilman of whom three will be elected to three-year terms in the city election in March 6. There are eighteen self-nominated candidates and the city and today's primary will eliminate twelve of them.

Among the candidates are three retiring councilmen, Alvin Hale, Oliver T. Erickson and Robert C. Hesketh. Erickson is widely known as an advocate of the single tax and municipal ownership, and Hesketh because of his connection with the union labor movement. The other candidates are: Former Mayor Byron Phelps, W. D. Lane, who was prominent in the last legislature; George P. James, Albert A. Miller, Fred W. Kelly, and John C. J. Jacobs. J. W. Wall, J. E. Shrewsbury, C. L. Smith, George W. Loveberry, William M. Calhoun, John J. Kelly, R. G. Banta and L. D. Lewis.

On the March ballot the names of the six successful candidates will be printed in the order of the number of votes they receive today and there is a tendency among March voters to choose the first three names on the ballot, hence candidates are striving not only to be of the successful six, but to be high three.

In printing today's ballots the names were rotated.

Woman's Arrest Bares Opium Ring

SEATTLE, Feb. 20.—Federal officials here today are investigating further an alleged opium smuggling ring, operating from Vancouver, B. C. into Seattle, said to have been unearthed with the arrest of "Mrs. Reed," an attractive woman of middle age.

"Mrs. Reed" said she was given a handbag containing twenty-five tael of opium valued at \$1200 by a friend in Vancouver. She was asked to have delivered the opium to "a tall blond man" in a hotel lobby here and she received no pay for carrying the bag to Seattle.

36% Decrease in Petroleum Estimated

WASHINGTON, Feb. 20.—A reduction of 36 per cent in the petroleum resources of the United States is estimated by Professor W. B. Reger of the West Virginia survey, one of the speakers before the American Institute of Mining Engineers in convention. States producing paraffine oil exclusively are decreasing, professor Reger said.

He suggests that the supply might be increased by searching for new sources by means of deep digging for sand and gas.

PLEASANTON MOTOR RACES TO BE FAST

Rain Has Packed Oval Track in Excellent Shape, Is Assertion.

By EDMUND CRINNION.
Eleven cars and drivers are in readiness for the George Washington Lincoln automobile race which will be run Thursday at Pleasanton barring rain on that day. The track is very hard at present, according to Sterling Price, manager of the race, and the rain which has so far fallen will not interfere with the races in the least. If there is rain, however, on the day of the race, the postponement of Sunday, February 25, will be used.

All the cars which will run, with the exception of Billy Bolten's Dusenbergs, are now in the lay section, and drivers are giving them the final test. Bolten's car will not be here until tomorrow, and will go directly to the track for its last tuning. The two Stutz cars, which will be driven by Chas. Durant and Allice Moore are at Jack Graham's in San Francisco and will be ready to go to the track Wednesday. Sterling Price's Dusenberg has just been assembled after a thorough overhauling and will be given its final workouts on Wednesday.

That the race will be the start of a series of local events under the sanction of the Automobile Association is the prediction of Chester N. Weaver, local automobile man who will referee the meet.

The people of Alameda county have been treated with several outlay races in the past couple of years, and I am afraid that they will not realize that Thursday's speed contest is a worthy alternative to the usual class of the drivers and the conditions under which they will run is the best ever seen locally, although on paper it hasn't the class of the Vanderbilt or Grand Prix race.

"The Pleasanton track should be the fastest in the state. Harness racing men are using it the year round for training and the track is in very good condition. Although the course is not banked very much for auto races, it will be as fair for one as for the others, and the spectators should get a very spectacular show."

HUDSON MOTOR TO BE HERE.
Oakland motorists will have the opportunity of seeing the Hudson Super Six motor, especially made by the Hudson factory for the various exhibits and auto shows throughout the country, for on Wednesday, February 21, and Thursday, the Hudson Super Six will be exhibited at the Hotel Oakland.

Interest has centered about this famous motor wherever it has been shown, as it is the first opportunity the motoring public has had to see the latest construction and working of all its parts.

The motor is so built that the clutch, crankshaft, etc., are enclosed in glass housings, so that the usual mechanical condition. Although the course is not banked very much for auto races, it will be as fair for one as for the others, and the spectators should get a very spectacular show."

"When the Hudson Super Six was announced a year ago," says C. H. Burman of the H. O. Harrison Co., "the trend of better motor manufacturing was towards multiple cylinders, notably the eights and twelves. The invention that made the Hudson Super Six immediately turned interest back to the idea of type of motor—namely the small, fast, efficient six. Hudson Super Six by reason of its multiple cylinders and saved the day for the six."

"The Super Six motor is but three and one-half inches in bore and its displacement is 288 cubic inches. The Super Six invention added 80 per cent to the power of the motor. Size considered, it is the most powerful motor built in the world today. The right to use the principle is controlled exclusively by the Hudson Motor Car Company."

SHOW CARS ARRIVE.
The automobile show that was to be staged all this week at the showrooms of the McDonald-Green Motor Company with the Velle Six and Winton Six show shape this morning. The show was scheduled to start early Monday morning and all was in readiness for the occasion, but, due to the confusion attendant at the show models at the San Francisco Civic Auditorium, it was impossible to get the Velle cars out of the building and on the way to Oakland last night.

Beginning with today, however, Oakland is having its first opportunity to see the clever show models in the upper Broadway auto row. The Velle and Winton exhibits will remain here for the entire week.

Bone-Dry Prohibition Bills Become Laws

OLYMPIA, Wash., Feb. 20.—Governor Lister signed the bone-dry prohibition bill in the presence of Representative Elmer Halsey, its author, officers of the C. T. U. and other advocates of the bill.

Unless referred by petition to the people at the 1918 election, the law will become effective ninety days after adjournment of the Legislature. A total of 22,656 names were registered for the law to referendum and, so far as known, no steps have yet been taken to obtain the names, further than to ask liquor dealers and organized refractors to state whether they would bear the expense of obtaining the names. The answer was said to have been that the liquor dealers would expend no more money in this State.

ST. PAUL, Minn., Feb. 20.—Governor Burnquist signed the "bone dry" prohibition bill.

The act proposes an amendment to the state constitution to prohibit the sale of manufacture, transportation or possession of intoxicating liquors in Minnesota after July 1, 1920.

The question will be voted on at the election in November, 1918.

'Inhumanity of Reform' to Be Petersen's Topic

"Inhumanity of Reform" will be the subject of a lecture to be made by Chief of Police Walter J. Petersen before the members of the Sacramento Y. M. C. A. next Sunday afternoon. In the discussion Petersen will throw some interesting side light upon the present reform wave that is sweeping the country. Chief Petersen is scheduled to address the members of the District Attorney's Association at the annual convention in Fresno next Friday, his topic to be "The Jury System."

Higher Refrigerating Rate Not Justified

WASHINGTON, Feb. 20.—Proposed increases from \$2.50 to \$15 a car for the refrigerating service from Idaho, Montana and Utah to the principal fruit markets of the country, were today declared unjustified by the Interstate Commerce Commission.

The increases were to have gone into effect March 13.

McKinley's Cousin Wanders From Home

CHICAGO, Feb. 20.—Harry McKinley, a cousin of the late President McKinley, is being sought by the police following the disappearance from his home at Birmingham, Ala., [February 11]. The telegram from the chief of police of Birmingham suggested that McKinley might be suffering from amnesia.

OAKLAND WINS RATE VICTORY

Differential for This City Practically Assured by Board Action.

Oakland's situation on the east side of San Francisco bay as a basic advantage in freight rates seems now in a fair way to be confirmed, according to official information reaching the Oakland Chamber of Commerce this morning.

The State Railroad Commission has refused the Southern Pacific a rehearing in the upper Sacramento valley rate case. Sanborn & Koch, the chambers' attorneys, announced, and has given the railroad until March 1 to file its tariffs. Unless the Southern Pacific appeals to the courts, nothing new is now to give Oakland an advantage over San Francisco of from 20 to 60 cents a ton on shipments into the upper Sacramento Valley, in the opinion of Chamber of Commerce officials.

This differential will be gained, it is figured out, by the Southern Pacific following the orders of the railroad commission in building its rates on a block mileage system. In order to meet the method of drafting tariffs, the commission, in handing down its original decision on November 4 last, said:

"Distance is a factor to be considered in determining the reasonableness of rates, and, under the circumstances, the rates of the Oakland are entitled to lower rates to many points than prevail from San Francisco when rates are built on a normal mileage basis."

In refusing a rehearing, the commission went even further than in its original order, extending the distance scale of class rates from 500 to 550 miles.

This case was originally brought by the San Francisco Chamber of Commerce, which charged that the rates were unreasonable. The Oakland Chamber of Commerce intervened, asking that its advantage be recognized because of the shorter haul.

Civil Service Lists U. S. Examinations

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at a early date. Application blank and further information relative to these examinations may be obtained from the secretary, United States Civil Service District, Room 241, Postoffice building, San Francisco.

Aid (male), Bureau of Standards, \$600-\$720 year.

Civil engineer and superintendent of construction (male), \$1500 year, Quartermaster Corps, Schofield Barracks, Hawaii.

Senate Proceedings Ruled Out of Order

WASHINGTON, Feb. 20.—The Senate convened twice today and the chaplain delivered two prayers, one at 10:30 a. m. and again at 11 a. m. At adjournment last night the meeting for today was set for 10:30 a. m. After the body was called to order today the chaplain had offered the customary morning prayer. Republicans called attention to a standing order adopted some time ago that the regular meeting hour should be 11 o'clock. The proceedings then were ruled out of order and members left the chamber, returning again at 11 a. m., for the second start.

PRISONER HELD; ROBBERY CHARGED

Identified by Jinney Man As the
Bandit Who Stole His
Money.

SAN FRANCISCO, Feb. 20.—Identified by Harold Cowan, a Jinney driver, of 2523 Diamond street, as the man who held him up in his Jinney early Sunday morning at Twenty-second and Proteo streets, Joseph F. Herty, 20 years of age, is in the city prison charged with robbery. He was arrested this morning in his room at the Mission Hotel before he had arisen. A revolver was found in a bureau drawer. Joseph Herty is also in the toils of the law for highway robbery. He was captured early this morning and identified by Charles Gee and Sam Kee, two Chinese whom he and two other men had held up at the corner of Jackson and Montgomery. The bandits took a watch from Gee and \$20 from Kee. As soon as the robbers had taken the loot, the Chinese blew police whistles and officers responded from every direction. Herty was arrested a few blocks from the scene of the holdup.

Water Consumption Low In Oakland, Says Expert

Purified Sewage Safer Than Water Allowed to
Taint, Is Cory's View

Declaring that one of the reasons for the high cost of water in the east bay communities was that the people failed to drink enough water, and declaring purified sewage as safer to drink than mountain water which has never been the seat of bacteria growth, H. T. Cory, San Francisco hydraulic engineer and brother of Professor Charles H. Cory of the University of California, in his testimony before the State Railroad Commission today, advocated the full ownership of the San Pablo watershed as a necessary adjunct to the local supply system.

The high rate, Cory declared, was also due in part to the fact that the communities of the east bay do not pay a considerable portion of the distributing cost in the form of taxes. He intimated that municipal ownership was the solution of the difficulty, where the distribution cost was paid through general taxes and the burden did not fall entirely upon the water-using ratepayers.

The whole situation summed up, he said, into the fact that the allied communities paid too small a portion of the cost of water service.

Cory testified that in his opinion Oakland and sister cities were far below normal in their consumption of water, and that this was a necessary factor in the high cost of the water.

"The consumption of water of the East Bay Water Company is abnormally low," he said, "under ordinary consumption conditions, the people should use about 100 gallons per day per capita, or a total of 30,000,000 gallons daily for the entire community. On the contrary, the actual consumption here is less than sixty gallons per capita, or a total of 17,000,000 gallons for the whole district, figured upon the basis of a population of 300,000 persons."

AGREES WITH EXPERT.

Cory corroborated William Mulholland, veteran Los Angeles hydraulic expert, in the latter's assertion that the water situation was in a precarious condition.

"The San Pablo basin project should have been begun two years ago," he declared. "The present consumption and the consumption three years ago was in excess of the safe yielding supply of all the resources of the East Bay Water company. If water rates are fixed on revised basis, the use of water would undoubtedly greatly increase in this district. The result will be that the demand for water will increase much more rapidly than the demand in the past has increased. The net result is that I heartily endorse Mulholland in his statement that he would be unwise if he were responsible for the affairs of the water company."

MANY ADVANTAGES.

"Does there exist any advantage in owning a nearby water supply such as the one held by the East Bay Water company?" was asked the witness in reference to the San Pablo project.

"There exists many advantages," Cory declared. "The insurance of safety of distant supplies, the ease of supervision, access for operation, facility for flexibility and the affording of needful terminal facilities."

Cory stated that he followed what he considered the best established method of appraising public utilities, in appraising the value of lands in the San Pablo and San Leandro water projects. These methods were based upon a determination of the original cost of the land, the cost of reproduction, now and depreciated, and the cost of reproduction in historical conditions. Figures introduced in evidence, he declared, he had formulated on that basis in April, 1914.

Under these valuations, he placed the value of Chabot lands at \$120,000 for 47.2 acres or a total of \$555,750. The San Pablo holdings, he declared, he had fixed at \$500 an acre for 850 acres, or a total of \$425,000. In fixing these values, Cory said he had been governed by the demand of the land for storage purposes, its elevation, the capacity of the basins, rate of runoff and discharge to and from basins, character and desirability of dam site, cost of storage, and capacity, geologic formation of the land and experience as to the cost of the reservoir sites as measured by estimate costs based upon the values of other properties.

"Are these lands, in your opinion, luxuries or necessities?" asked Commissioner Edwin O. Edgerton, before whom the hearing is being held. "Would you advise purchasing these lands if the water company did not already own them?"

NOT ENGINEERING QUESTION.

"This would require a decision which is in effect based upon a question not wholly an engineering one," the witness replied. "It then went on to give some of the sanitation features of the acquisition of the lands in question which he claimed were of immense importance in determining the advisability of use and ownership."

"There is no such thing as pure water," he added. "Rain, snow and spring water are not pure in any sense. I doubt if pure water has ever been accomplished. It is used to be believed that water carried a great many diseases. Yellow fever and malaria, once blamed on water have been traced to insects. Typhoid fever is water born and milk born, and even cholera. It also transmits many germs once blamed on water."

Typhoid germs in water will die in the natural period of three weeks. One very good reason for having storage reservoirs in which to impound water from outside sources is that it can be stored three weeks before being used and minimize the possibility of typhoid germs. In point of fact, purified typhoid water which has been properly sterilized, is safer water to drink than Hetch-Hetchy water which has been left untouched."

"Are we safe in assuming that if the water company owns 50 per cent of its water shed, it will have 50 per cent protection in protecting its water from pollution," asked Commissioner Edgerton.

"I think so," Cory replied.

"And if the San Pablo watershed is owned entirely and purchased by the water company, there would be little need for purification?"

"That is my idea."

"They in your opinion, should the East Bay Water company retain lands, dispose of lands or acquire lands in the district in question?"

"As long as the San Pablo and San Leandro basins are going to be used as collecting reservoirs, the water company should own the lands in question, to the extent of the extent of the whole watershed."

GROCERY MEN ARE HEARD UPON BILL

Trading Stamp Issue Is Discussed Before Merchants' Meeting.

Alameda county legislators were given information last night by the district Retail Grocers' Association as to their side of the fight to be waged in the legislature next session for the passage of Chandler Senate Bill, No. 5, which relates to the trading stamp and which the grocery men, as a body, have set themselves against.

Assemblyman William T. Salterwhite and Frank W. Anderson were present and spoke briefly on the subject at hand. Both men told the members of the organization that their minds were open and promised full consideration of the arguments presented at the meeting when the time for decision came.

One hundred grocers, two-thirds of the entire representation, were present. F. B. Connolly, secretary of the state retail grocers, gave the grocers' views of the trading stamp question, telling why the organization had taken up the cudgel against it. A representative of a trading stamp organization was present.

R. Marshall of the local Bradstreet organization spoke on "United Effort." The regular monthly meeting was followed by a banquet.

ASKS BIG POWER FOR PRESIDENT

Lansing Appears Before Judiciary Committee to Pass on Matter.

WASHINGTON, Feb. 20.—Secretary of State Lansing and Attorney General Gregory today asked the Senate Judiciary Committee to pass immediately a bill which would give the president power to handle the present international situation without recourse to war.

The bill empowers the president to employ the land and naval forces of the United States to "enforce compliance with and prevent violation of the obligations of the United States under the laws of nations."

Briefly such a law means that the president could employ this country's army or navy in engaging in any trade or commerce with any belligerent country as long as international law, as understood and agreed to by this government is not violated by any such trade or commerce.

Women and Children Kept From Europe

LONDON, Feb. 20.—A law has been passed by the Australian government, according to a Reuters dispatch from Melbourne, forbidding the departure of women or children for Europe under any circumstances.

Aged Peer Offers Services in Army

LONDON, Feb. 20.—Lord Wintborne, 71, has volunteered for service in the army and has been gazetted a second lieutenant in the 1st Kent volunteer regiment for home defense.

STANDARD SERVICE

"WONDERLIFT"

Hygienic Service

Style Service

- 1 Removes "sway back" by correcting posture.
- 2 Improves contour of body by uplifting and reducing superfluous flesh.
- 3 Flattens abdomen into normal, youthful lines.
- 4 Reduces size of abdomen; gives proper "hang" and style to skirt.
- 5 Holds corset close. Insures smooth lines over hips and thighs.

The wonderful Wonderlift perfectly performs the two things a corset should do—preserves health and enhances beauty. It has established a new science in corset fitting and adjustment.

Study the Wonderlift carefully and deeply. If you haven't done that, you know nothing of what it can do—for womankind.

The patented features that preserve health also produce unequalled style

Eight distinct Wonderlift models—for every type of figure, from lean and bony to super-stout—

\$5.00, \$7.50, \$10 and \$12

BE A WISE WOMAN! Study the Wonderlift closely. Get the model made for YOU. Enjoy the style, comfort and health made possible by this unique and super-valuable invention.

Berkeley Man Shot by One He Renders Aid

CHICO, Feb. 20.—J. G. Cullom of 1923 Stuart street, Berkeley, was shot and seriously wounded today at Chico, by a man he had picked up in his automobile. Cullom, who was driving to Chico from Gridley, stopped his car and offered to give the man a ride. The man, who was in the town and car, a few miles, then suddenly he shot Cullom in the back of the head, inflicting a wound that may prove fatal.

The assailant threw the unconscious man into the road after robbing him and drove the automobile back several miles before abandoning it.

A passerby picked the victim up and carried him to a hospital in Oroville.

Tuberculosis Society to Select Officers

Officers for 1917 will be elected tonight at the annual dinner of the Alameda County Society for the Study and Prevention of Tuberculosis at Hotel California. Speakers include: Rev. Albert W. Palmer of Plymouth Congregational church; Dr. William Palmer Lucas, University of California Medical school; Dr. George E. Ehrlich, director of the State Board of Health; Miss E. L. M. Tate, director Bureau of Tuberculosis in California; Dr. Wilbur A. Sawyer, secretary California State Board of Health, and Harrison S. Robinson who will preside.

Infant Plunges Six Stories to Death

SAN FRANCISCO, Feb. 20.—Playing near the window of her home at the Dudley Apartments, 172 Sixth street, today, Alice Wyllie, two years and nine months old, fell through the open space to her death, six stories below. The child's head was struck by the fall and death resulted before she could be given hospital treatment. It is thought that the baby reached out for a feather flying through the air and lost her balance.

'TIZ' FOR ACHING, SORE, TIRED FEET

Use "Tiz" for Tender, Puffed-Up, Burning, Calloused Feet and Corns.

People who are forced to stand on their feet all day know what sore, burning, aching feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous excretions which puff up the feet and cause tenderness, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any drugstore. Just think! a whole year's foot comfort for only 25 cents.—Advertisement.

Why Rheumatism Comes With Cold Weather

(By Valentine Mott Pierce, M. D.)

A close connection exists between these two—cold weather and rheumatism. Prof. Alex. Haig, of London, has the most followers in the medical profession in the belief that the presence of the system of the acid, or its salts in excess, is the real cause of rheumatism. Every one has recognized the difference in the appearance of their water as soon as it gets cold; there is often a copious sediment of "brickdust."

Several causes may lead up to an accumulation of uric acid in the system, which, in turn, cause rheumatism or gouty attacks, joints, swollen limbs or painful joints. For one reason the skin does not throw off the uric acid, by profuse sweating, as in the hot weather, and the kidneys are unable to take care of the double burden. Another reason is that people do not drink as much water in cold weather as in summer, which helps to flush the kidneys. Again, they eat more meat in cold weather, and some people are so susceptible that they soon develop rheumatism after eating meat.

At all such times persons should drink copiously of the water, and take Anuric (double strength) three or four times a day. This Anuric comes in tablet form and can be had at almost any drug store. It dissolves the uric acid in the system and carries it outward. I would advise everyone to take Anuric occasionally, and continue for three or four weeks, and in that way avoid rheumatism, gout and some of the painful disorders due to uric acid in the system.

Make yourself healthy and strong by open-air exercise and diet. Then cleanse the liver by occasionally stimulating its action with a pleasant laxative composed of the May-apple, dried juice of aloe, and root of Jalap, sugar-coated and long sold by all druggists as Dr. Pierce's Pleasant Pellets.—Advertisement.

Pioneer of Oakland Summoned by Death

Following a residence in California of fifty years, much of that time spent in Oakland, Mrs. Sadie Helena Kurtz, 3716 East Fourteenth street, died last night after an illness of short duration. She was 61 years old, a native of Missouri, but came to this state as a girl with her parents.

For many years she was well known in the eastern part of the city where she resided. The funeral service will be held tomorrow afternoon at the Henderson chapel, 2307 Telegraph avenue, with the Rev. Albert W. Palmer officiating. Surviving members of the family include one daughter, Mrs. H. K. Stoll, and a son, Chester J. Burroughs.

Robberies Believed Work of I. W. W. Gang

Thieves, supposed members of the I. W. W., broke into the Western Pacific Warehouse, Yeoman Storehouse and Feed Stores and the Standard Oil Warehouse at Inayards.

From an investigation the officers have concluded that the raiders were after money and not other articles. Not finding money at any of the warehouses they scattered the loose articles about.

At the Standard Oil they spread heavy oil over the place and left a note saying: "John D. had better keep some money here. We want it for the Money dance."
